EDITOR'S FOREWORD

Sand dunes, breezes, fluffy clouds, rushing ocean — Drifts, Drafts, and Directions. A unique description of life here at our school.

Drifts are the result of breezes causing particles of sand to form a mound much like the gathering of people in the Forest Lake Academy student body.

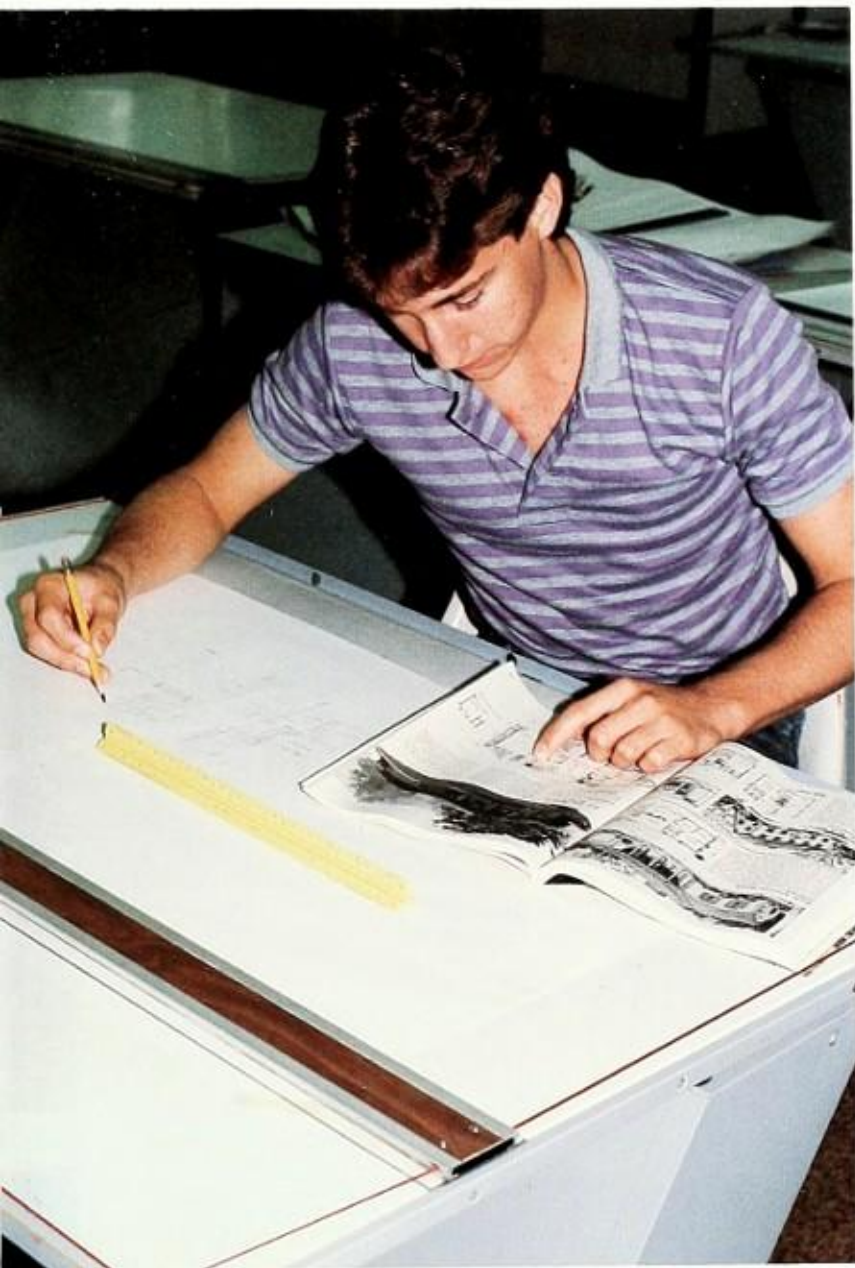

Drafts are breezes, soft or harsh, that form those mounds or drifts, similar to the everyday influences that shape our individual lives as well as the spirit of our student body.

Directions are the paths drifts take as the drafts push and shape them. Each one of us at Forest Lake Academy is responsible for the direction our life takes and for the effectiveness and direction we can lend to our student body.

We hope that this book of your memories reflects your drift and that you have enjoyed pleasant drafts that have directed you upward.

Kenneth C. Gano

DRAFTS

DEDICATION

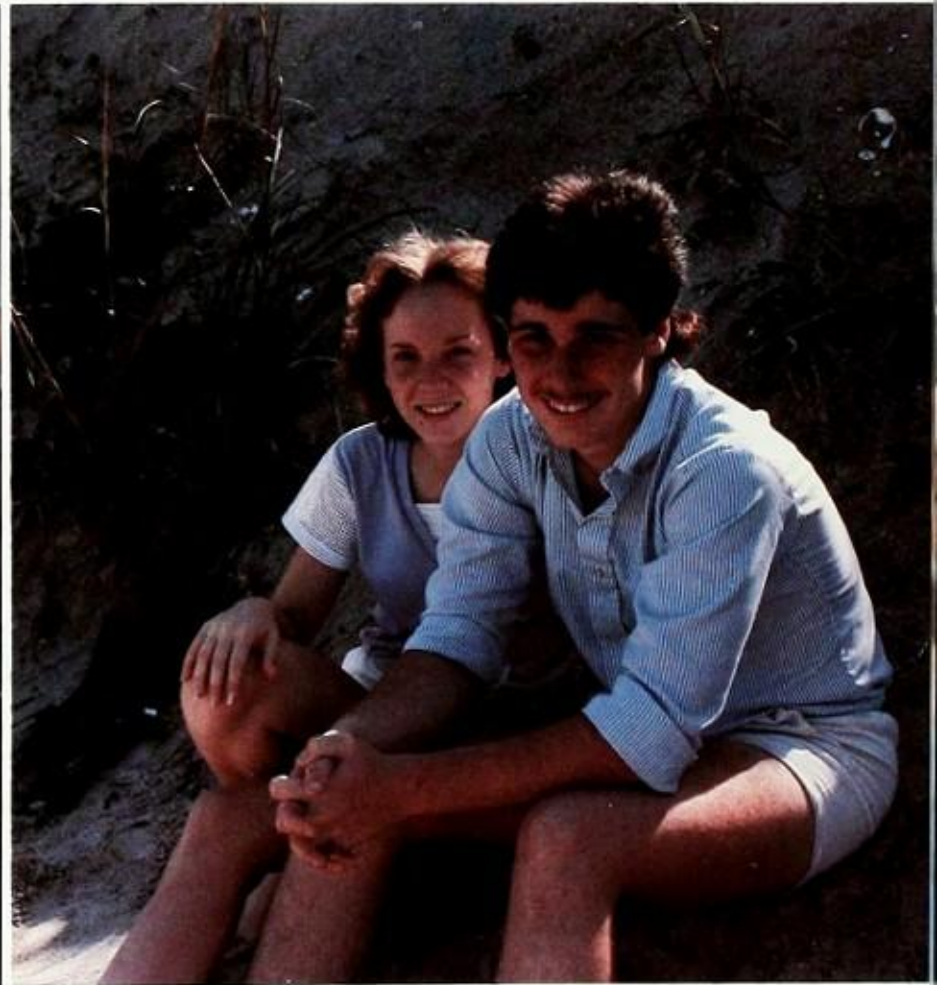

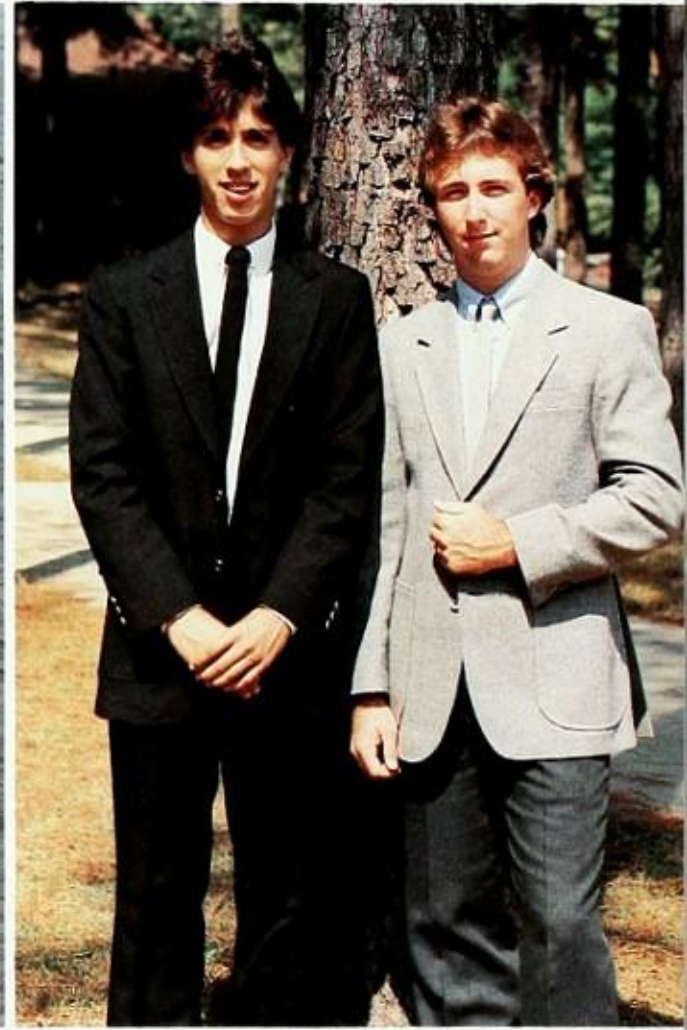

As petrified little freshmen, we barely knew you except as a football ref or an aggressive player on the field; As sophomores, you put the fear of biology into us. You even drug us out of bed at 5:30 am on a cold Sunday morning to watch birds! As the years moved on, we grew to love, respect and honor you!! Your stories made us laugh on a down day, the scoldings shaped us up so we'd improve and do better.

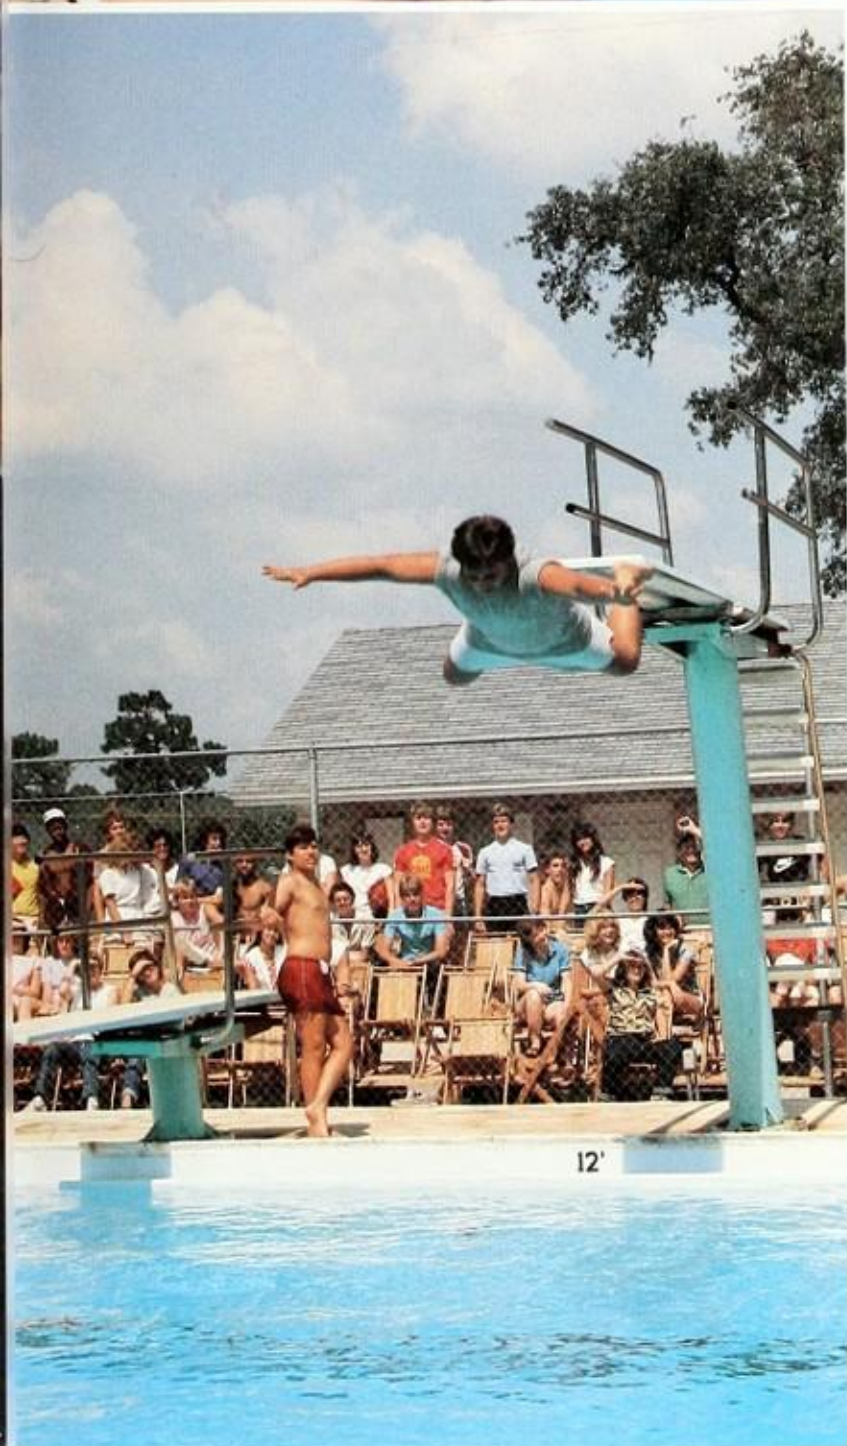

To you, **Paul Elvis Viar**, our favorite hillbilly and bio professor, we dedicate this annual.

The Mirror Staff

A MESSAGE FROM THE PRINCIPAL

Milton once called time "the subtle thief of youth." For those few years of life, time seems like eternity. Its glowing orb gives health, vigor and a feeling of expectancy. Yet how often that dreamlike future becomes the stuff of shattered dreams and lost opportunities.

To the Christian youth that future need not be! Life in Christ brings a glowing challenge of potential. It is a frame of reference not bound by a slot in time but focused on a vision of real eternity.

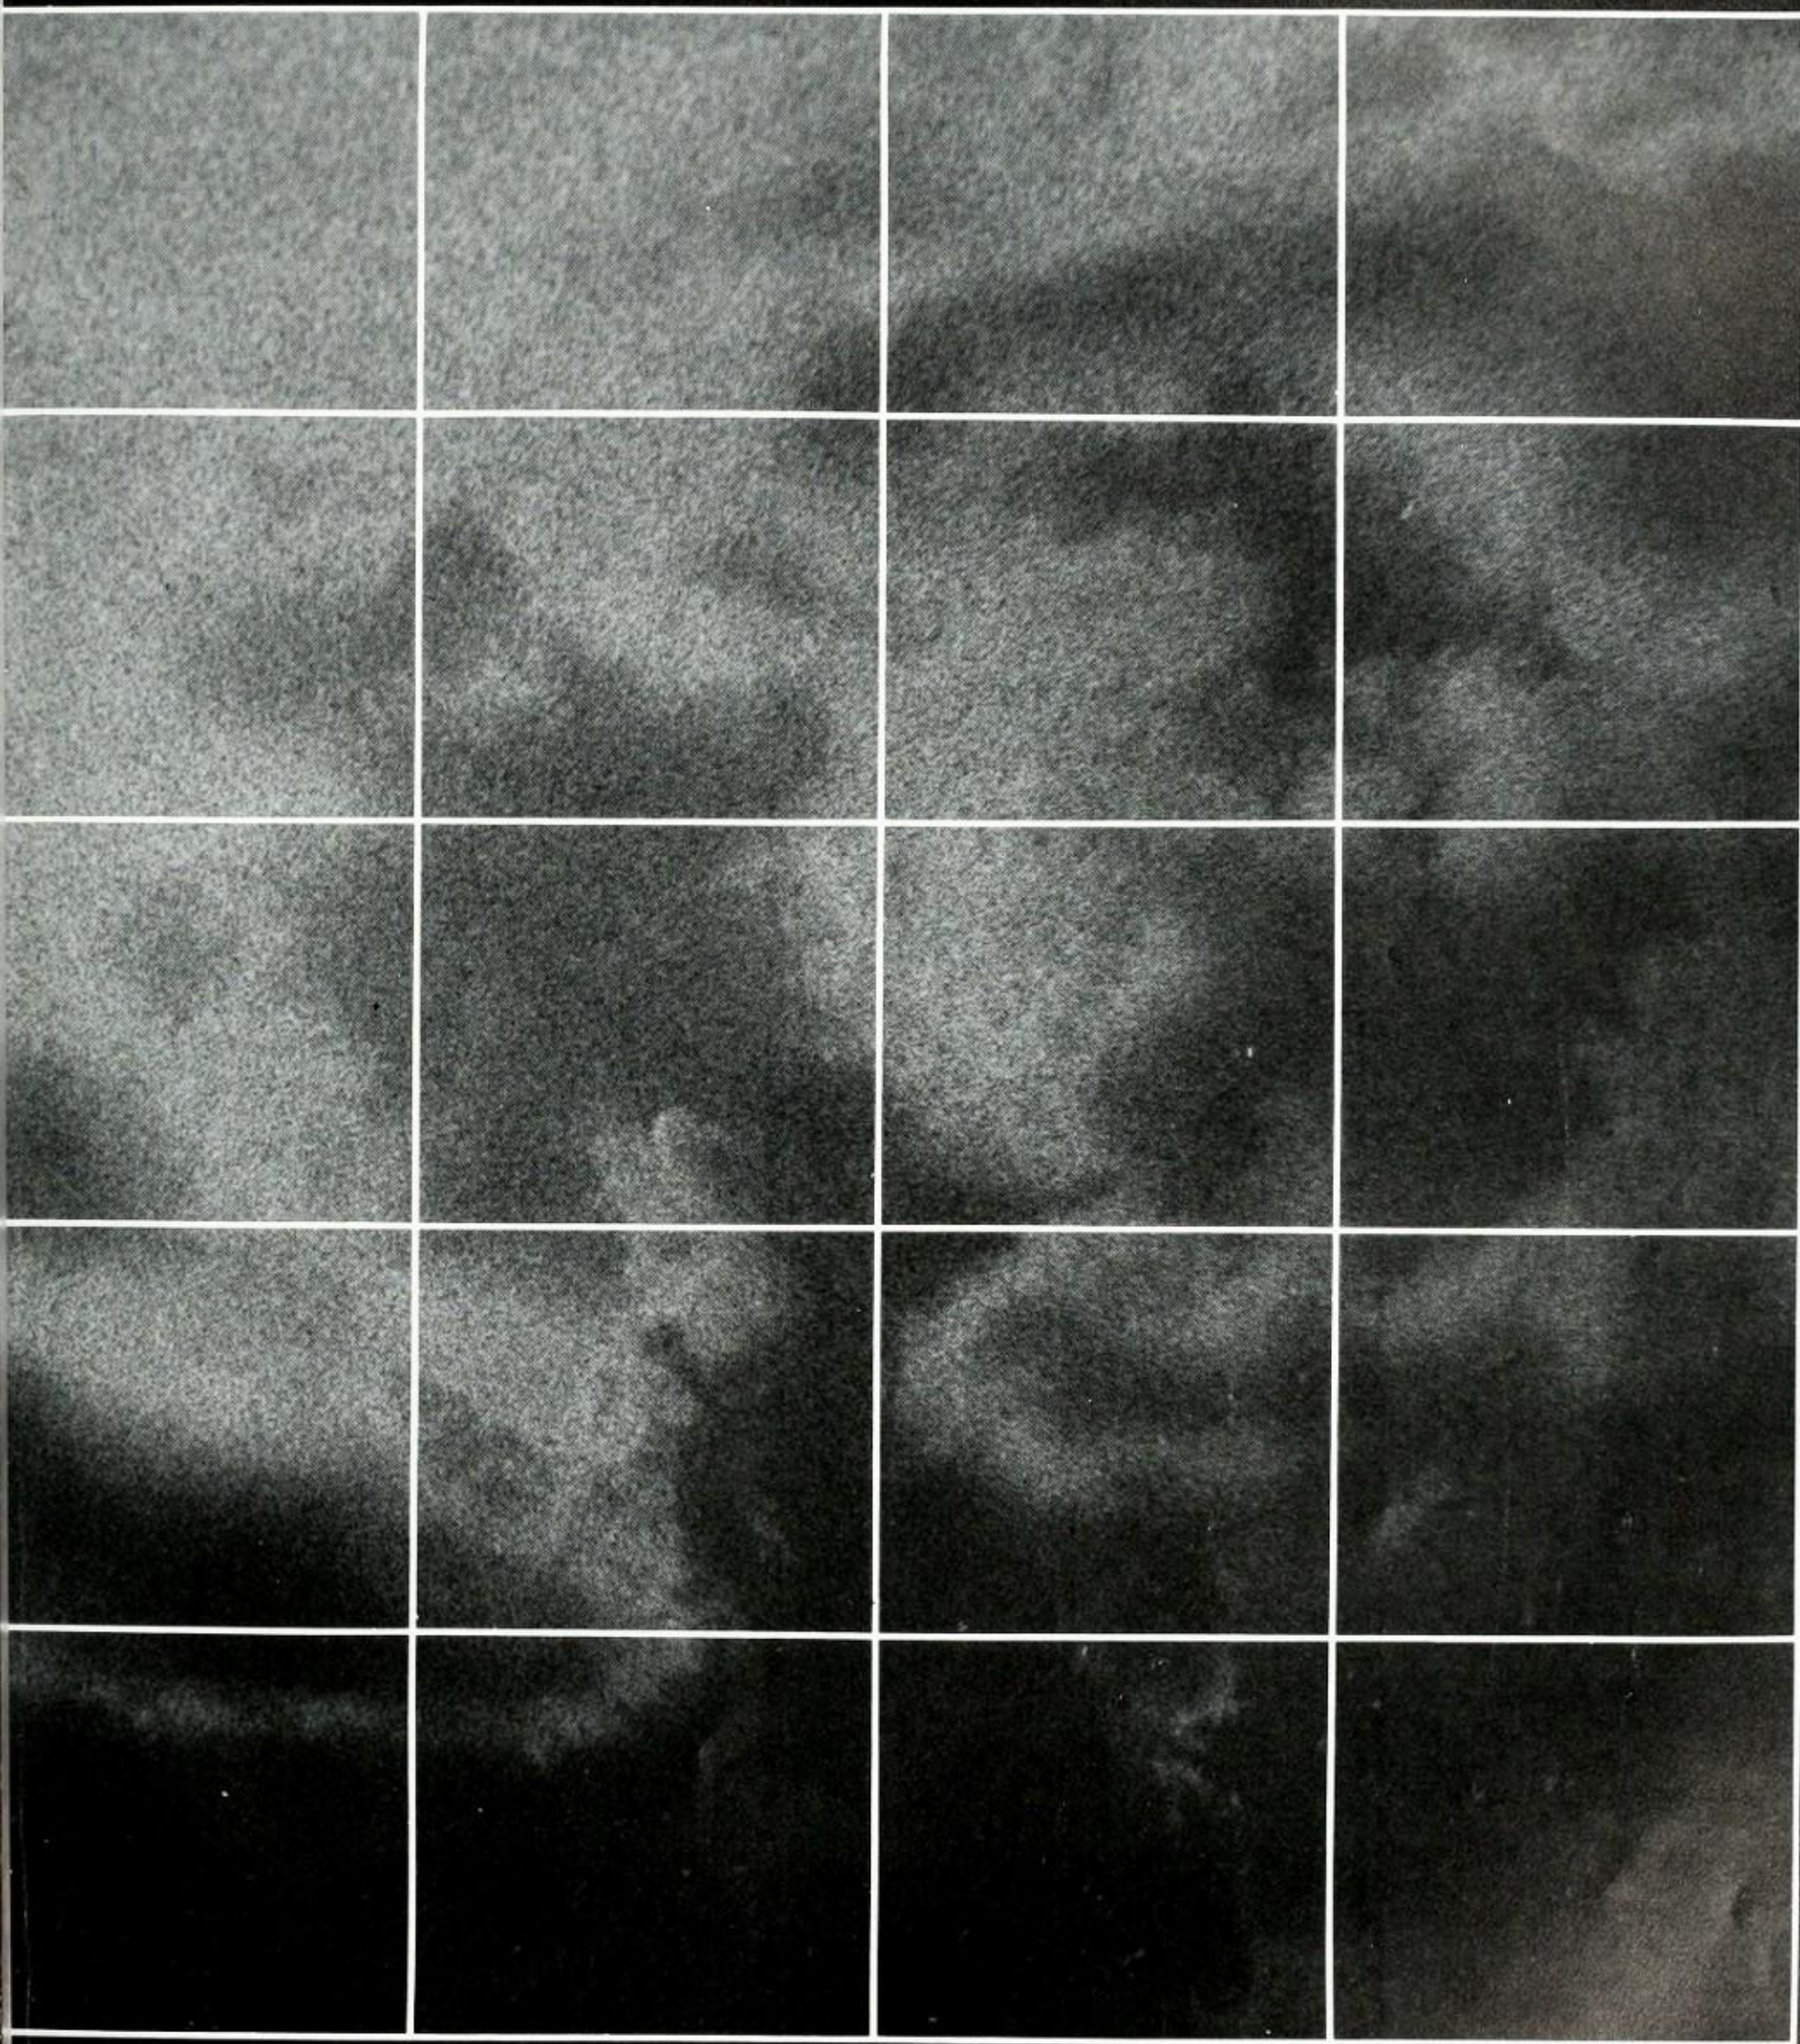

Your time here at Forest Lake Academy is part of the measurement of decisions, actions, and attitudes which will determine how you will spend your future. What you are will determine what you will become.

May God give you the perception to see and the strength to do that which will bring purpose and direction to your final goal.

I'm glad I got to meet you this year
I hoped you've had a lot of fun this
past year, because I did. Remember
all the fun times we've had, our Band
trips and especially looking alike. Thanks
for coming to my birthday party, boy.
When I saw you I was so happy it
really made my birthday a special one.
Thanks for your friendship and smile.
Have a great summer and I'll see you
this fall. You lucky — now you're a senior
but I'm going to make it one day.

A MESSAGE FROM THE STUDENT ASSOCIATION PRESIDENT — A. ALLAN MARTIN

To the Forest Lake Academy Family:

The 1984-1985 Student Association has only one direction, Upward. Through each S.A. activity we have gained "the momentum." More than a mere trickle on the Forest Lake campus, our organization has become a positive puissance full of ideas, opinions, and concerns for the progress of F.L.A.

Although at times sweat, strain, and tears were essential to overcome obstacles in our upward path, we did it together.

When goals seemed too lofty, and ambitions towered above us, we reach for them together.

As we accomplished, overcame, and triumphed, we shared in the celebration joy. Together.

The success of our Student Association cannot be attributed to one student, committee, or group. It was the involvement of each member that has given the S.A. its distinction. Sponsor and officer, student and staff, each assisted in his own special way to sustain the upward S.A. direction. I thank you for your concern and involvement.

As your Student Association President, I hope that the drifts, drafts, and directions of Forest Lake Academy will continue to be upward. Hold on to the moments. The memories of our year will serve as inspiration for the trials ahead. But most of all, look to the Father. He will give you the direction to follow.

Thank you for the opportunity to serve. I love this school. Your individual personalities have made an impact on my life, but the unity of Forest Lake Academy will always be my most cherished memory. I ask that you please pray that the Lord will lead in my future. Always let Him lead and bless Forest Lake Academy.

In His Service,

A. Allan Martin

REGISTRATION

Attention — All of you people standing in line, looking dazed, lost or just plain stupified! This is not the real FLA. This is merely registration day!

Registration day is a paradox. A person looks forward to it because it means seeing old friends and the excitement of school starting again. The guys keep a watchful eye on the new girls, the girls keep an eye out for new guys. Many great plans are made although few materialize. It also means long lines, lists of instructions and the baffled look of seniors as they say, "Are you sure I need this to graduate?"

When it's all over with, teachers and students are relieved. Everyone is looking forward to tomorrow, for here comes a new school year!

HANDSHAKE

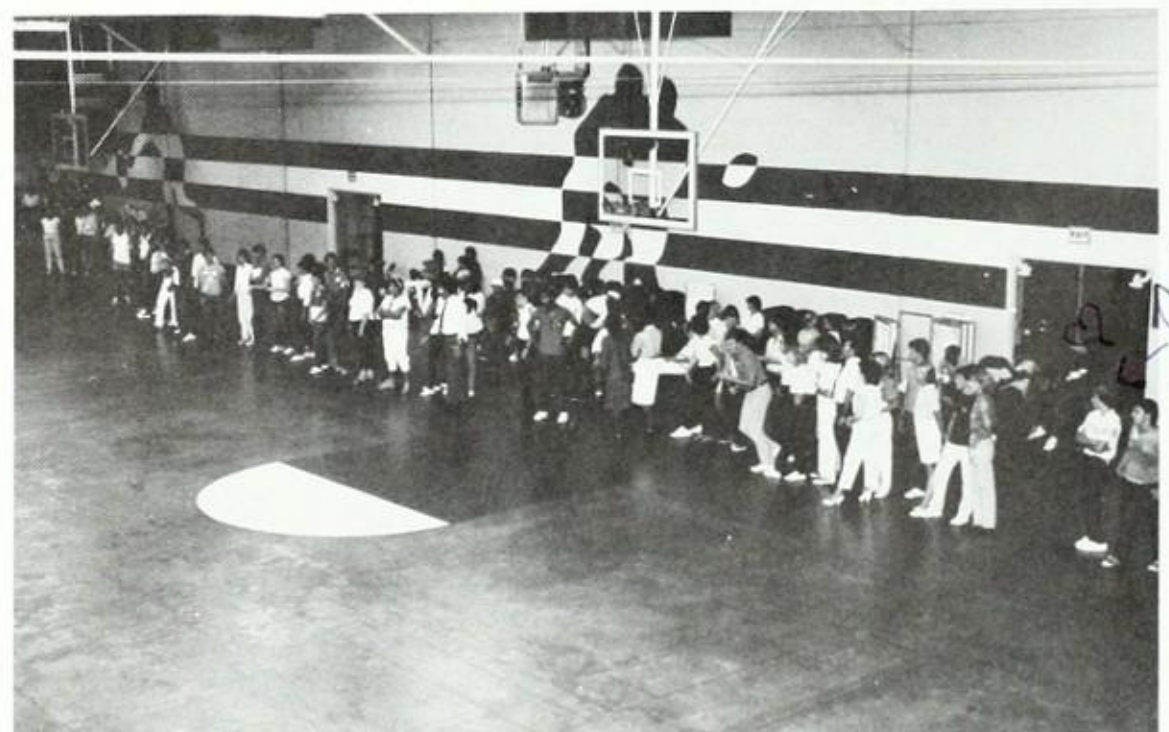

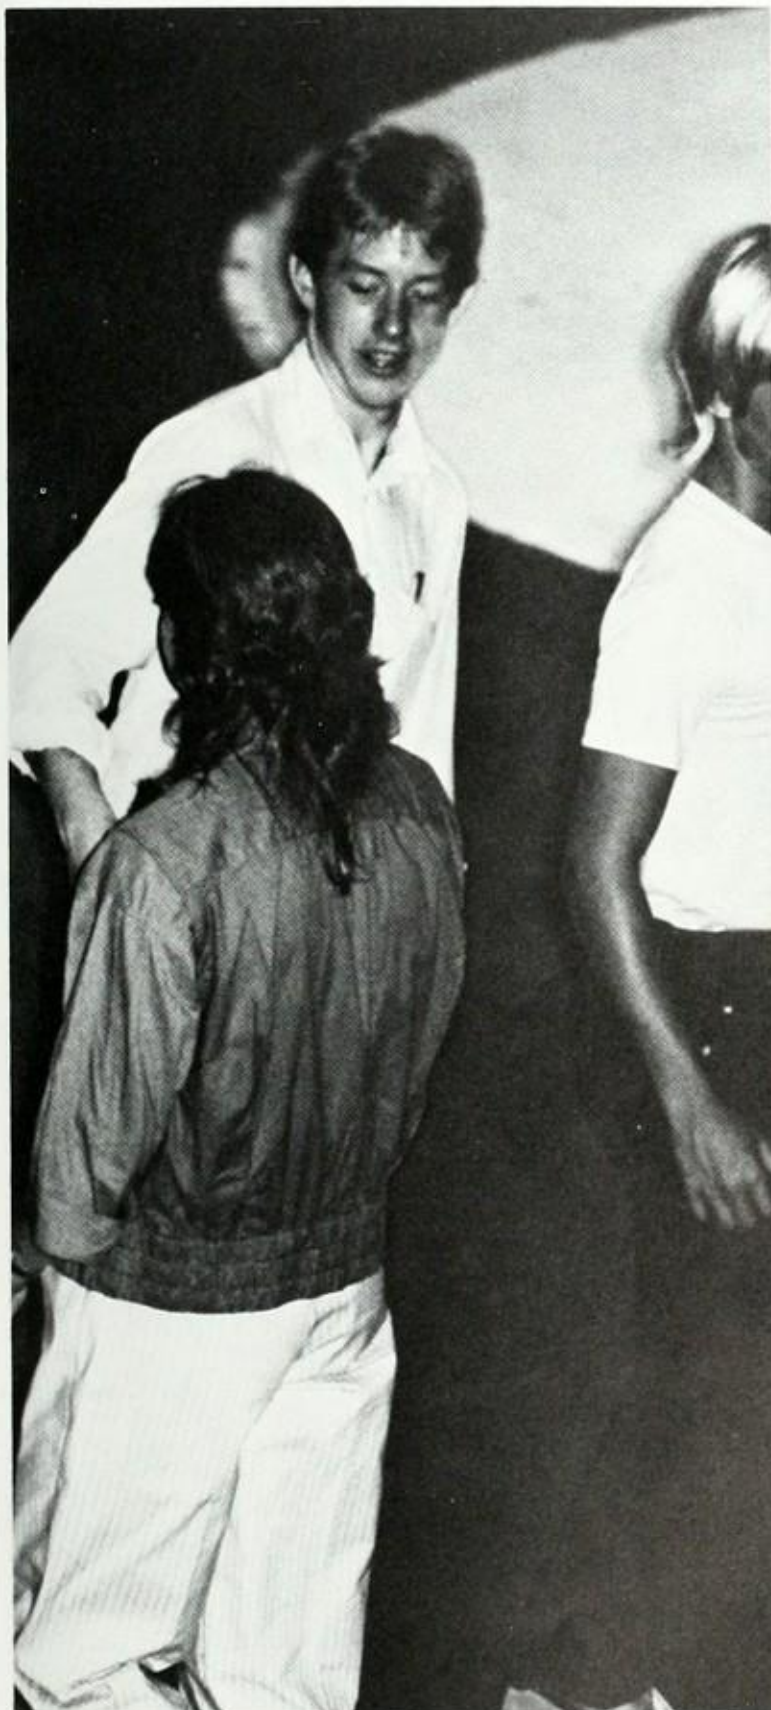

Shake, shake, shake, shake, shake, shake, shake, "Are you sure I didn't shake your hand before?", Shake, shake, shake . . . , "Oh my! My hand hurts!" Shake, shake . . .

It's get acquainted time, produced by the Student Association. Tradition decrees we all shake hands and do whatever else the SA has cooked up. How about two hundred fifty or more kids sitting on each others lap, all at one time! It doesn't work, at least not this

year. I had this little guy behind me and he kept collapsing. I wonder why? It seems as though an elephant was sitting on me!

We even had mass stampedes to show support to our respective classes. The class presidents were supposed to be in the middle. We had to hold emergency elections the next day.

Rootbeer floats rounded up the evening. It really was fun. Wasn't it?

Don't be gorgeous!

FALL PICNIC

The date, October 7, 1984. The place, Forest Lake Academy. The event, the Fall Picnic. And what is that supposed to be? Well, it is a special SA event where everyone is trying their best to keep from drowning, as they try to break old swimming records. All for the glory of their class. Does it work? You bet!

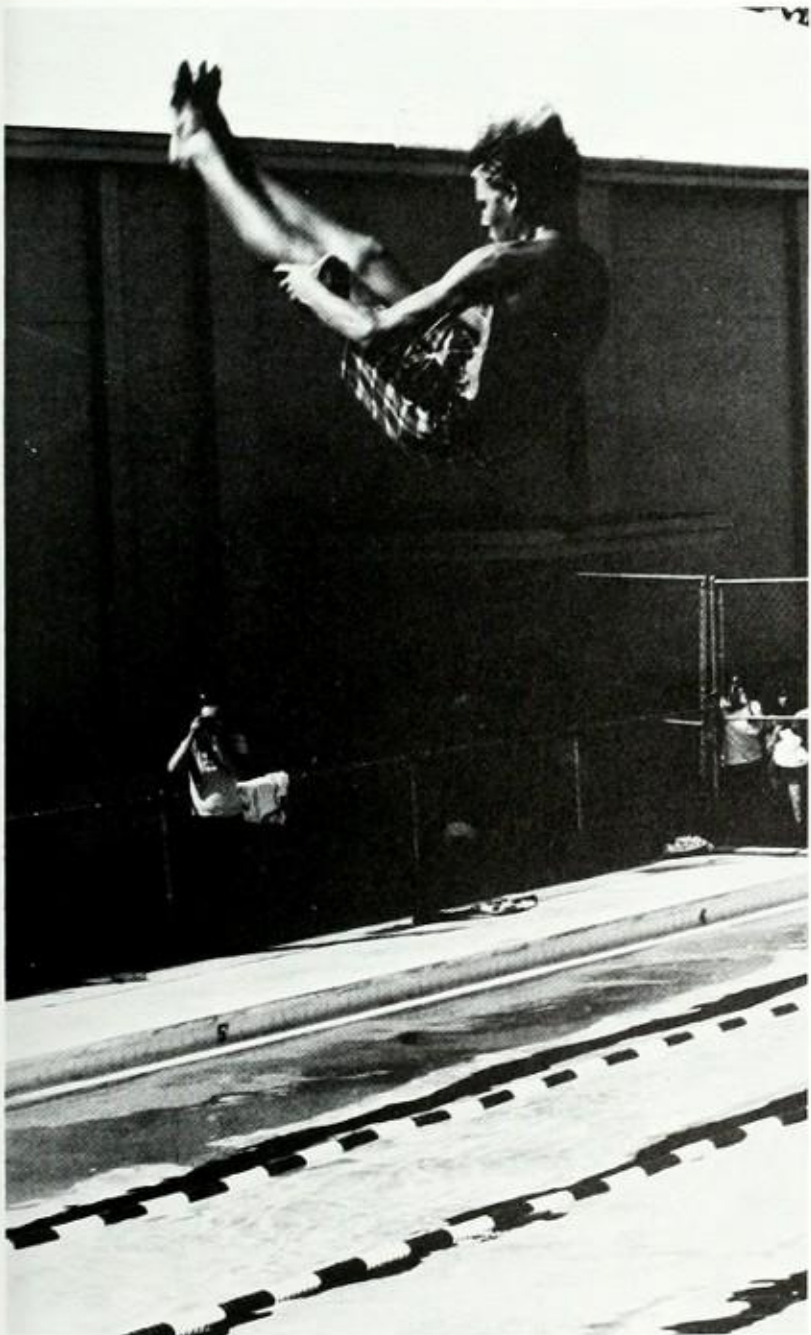

Some of the swimmers try so hard that they literally wearout in mid-pool and have to be towed to shore! Others who have practiced well, standout above everyone. Most of the students will remember freshman, Angela Bullock, and how she'd finish her races a half of a lap ahead of everyone else.

The divers were great to watch. Probably more fun was to watch the judge's reaction when a swan dive became a belly flop. He never could figure out what score it really deserved!

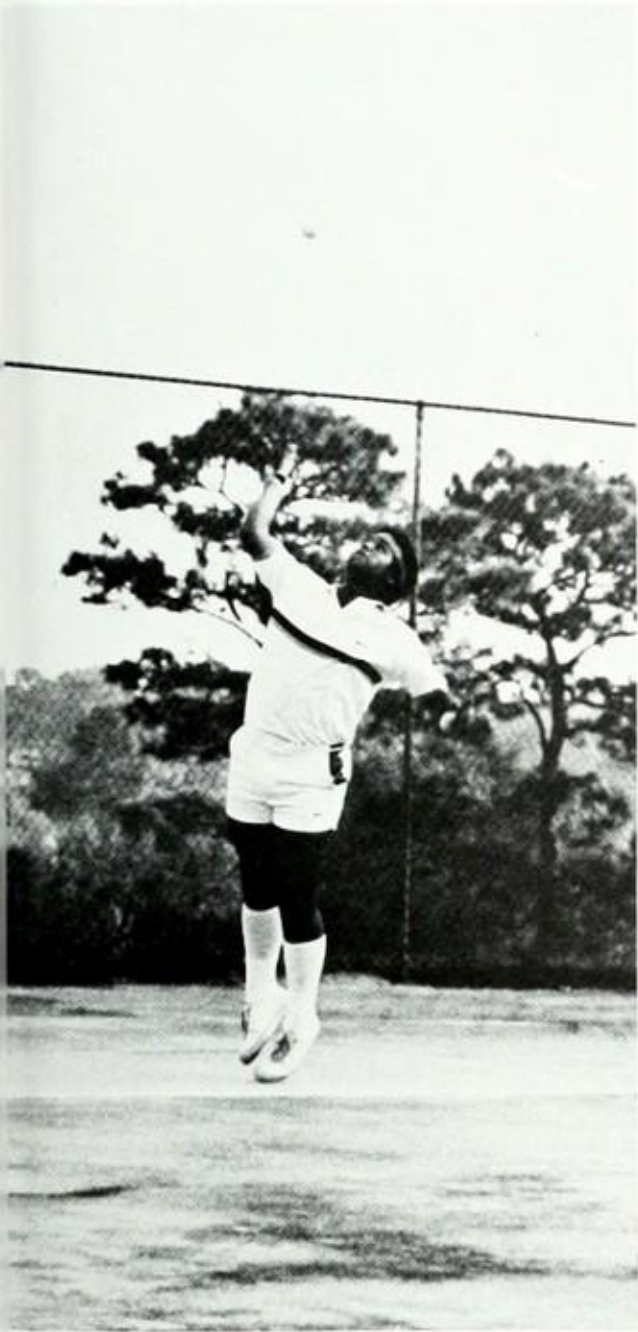

Each year they have a car push around the football field. Usually, Mr. Pomeroy lets them use his truck. This year they didn't use it. I think he is trying to keep it around for awhile. Afterall, those were women drivers out there! Instead they used grounds fine dented pickup. There was a miracle however. It returneo, looking as bad as ever!

Well, it was a fine, fun day. The best fun was the great celebration that night as the Seniors won the picnic by a squeaky margin of five points. More power to them. **It's about time!**

ALL-STAR FOOTBALL

Question: What do you have when you put Juniors and Sophomores together?

Answer: One-half of an all-star football game.

Question: What do you have when you put Seniors and Freshmen together?

Answer: The other half of an all-star football game.

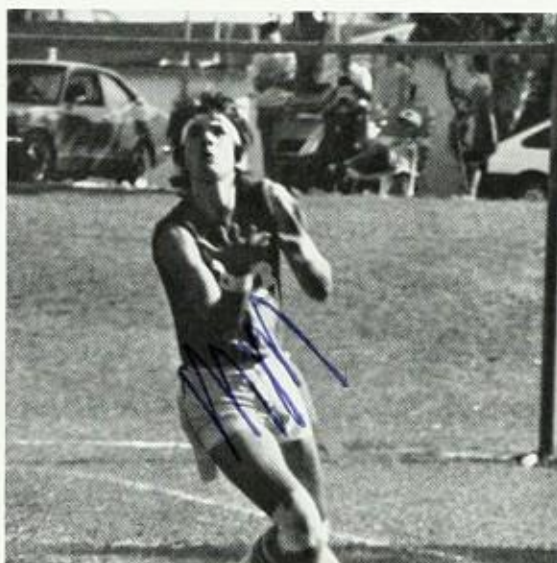

Question: What happens when you throw a pigskin in the midst of them?

Answer: You have a lopsided game!

Purpose of these riddles? Just to remind you that on a certain Sunday, a bunch of white t-shirts (Seniors-Freshmen) beat the sox off of a bunch of maroon t-shirts (Juniors-Sophomores).

Question: What was the score?

Answer: 46-6

AN EVENING IN CAMELOT

Pretty dresses.
Satin cummerbunds.
Fancy hairdos.
Lacy shirts.
Wonderful perfume.
Tight collars.
Beautiful flowers.
Empty wallets.
Stone castle walls, shields for heroes.
Mystic night. Ahh! Romance.
"Isn't beautiful!" "Where's our seat?"
"Let's go have our picture taken."
"Line's too long, later."
"Look at _____! That's sure some
dress!"

And so the evening went at Camelot's
Castle. The ladies and gentlemen
"wined" and dined amidst the splen-
dor of the royal court. It was a great
show, fit for kings and queens and all
the rest of us. We'll never forget those
special moments. Especially, the
wrong movie. Poor Mr. Patrick! We ap-
preciate you and the SA for the rest of
it anyway. Great job, well done!

SPIRIT WEEK

What is Spirit Week? Well, it's hard to say. It's not describeable. Sort of like the creatures that come out during that time! Let's see . . . if you want to look like a jerk, maybe you'll understand! If your color blind, you'll fit right in! If you like things attached to your face, You'll do marvelous! If you can't tell front from rear, why you've got it!

It's the SA's way to liven things up around here and letting those with a brave heart or a retarded mentality become their "true" selves! Like one of those special days, a NERD! By the way, it was a lot of fun and yes, we're totally normal. I think!?

SA CHRISTMAS PARTY

I am from the great white north and am trying to get in the Christmas spirit! Oh where is the snow, the sleigh bells, the silvery spruce? All I see is sand, I hear horns, and I see palm trees. Wait! What do I hear? Why, it's Xmas carols! I've got to find out what's happening!

Well I found out what was going on. It was the SA Xmas party at FLA. There was singing and stories and funny little skits. There were even games. One skit had chipmunks in it. At least Mr. Patrick told me they were. They sure looked like humans though! The decorations were something to behold. They reminded me of Xmas of old. Actually they were every Christmas decoration left around that Allan Martin could find. Anyway, we had our own little Xmas celebration.

How do I feel now about Christmas in Florida? Ahh! Let it sun! Let it sun! Let it sun!

SENIOR SURVIVAL

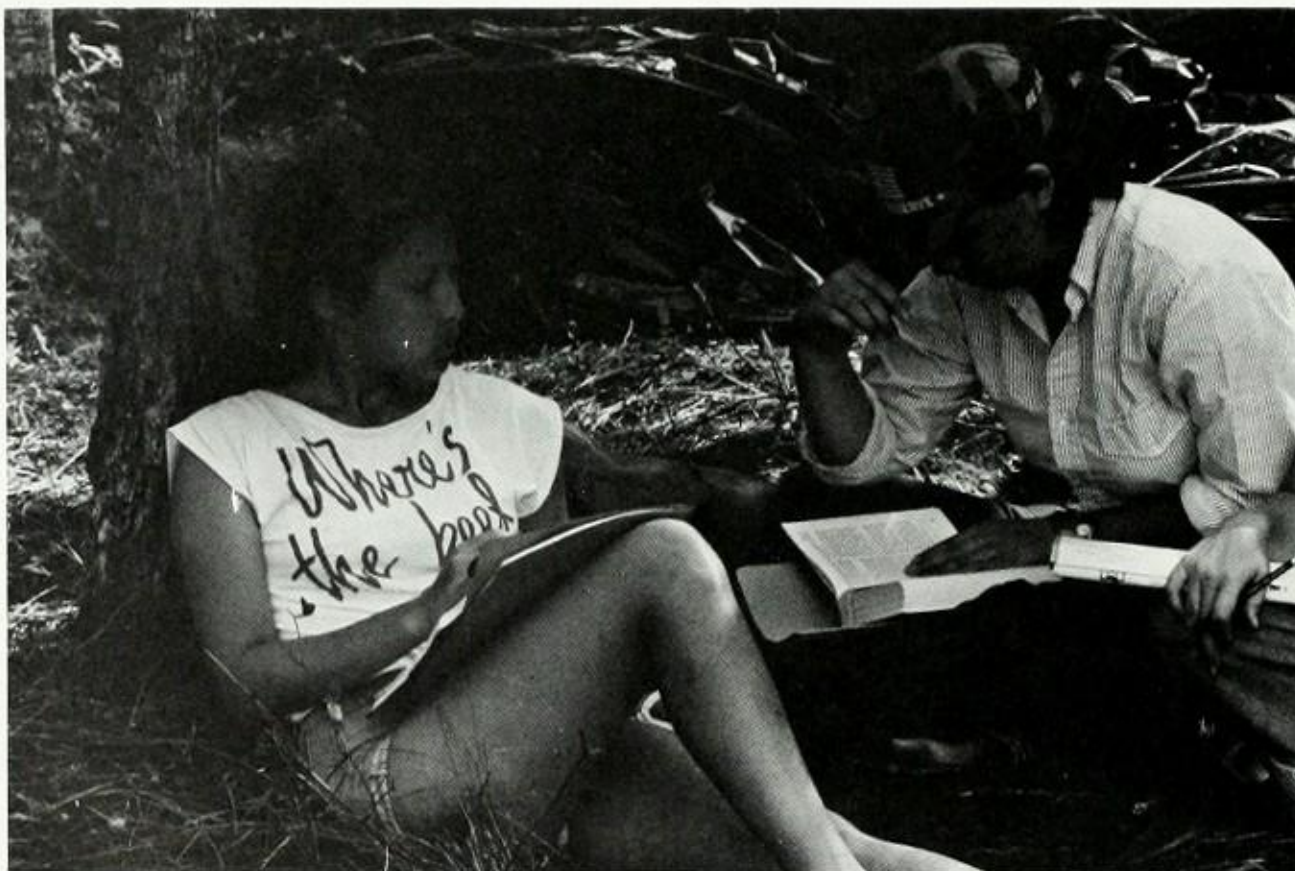

What goes groan, groan and doesn't have a proper bathroom, bedroom, kitchen, nothing hardly at all? Probably a FLA senior trying to survive!

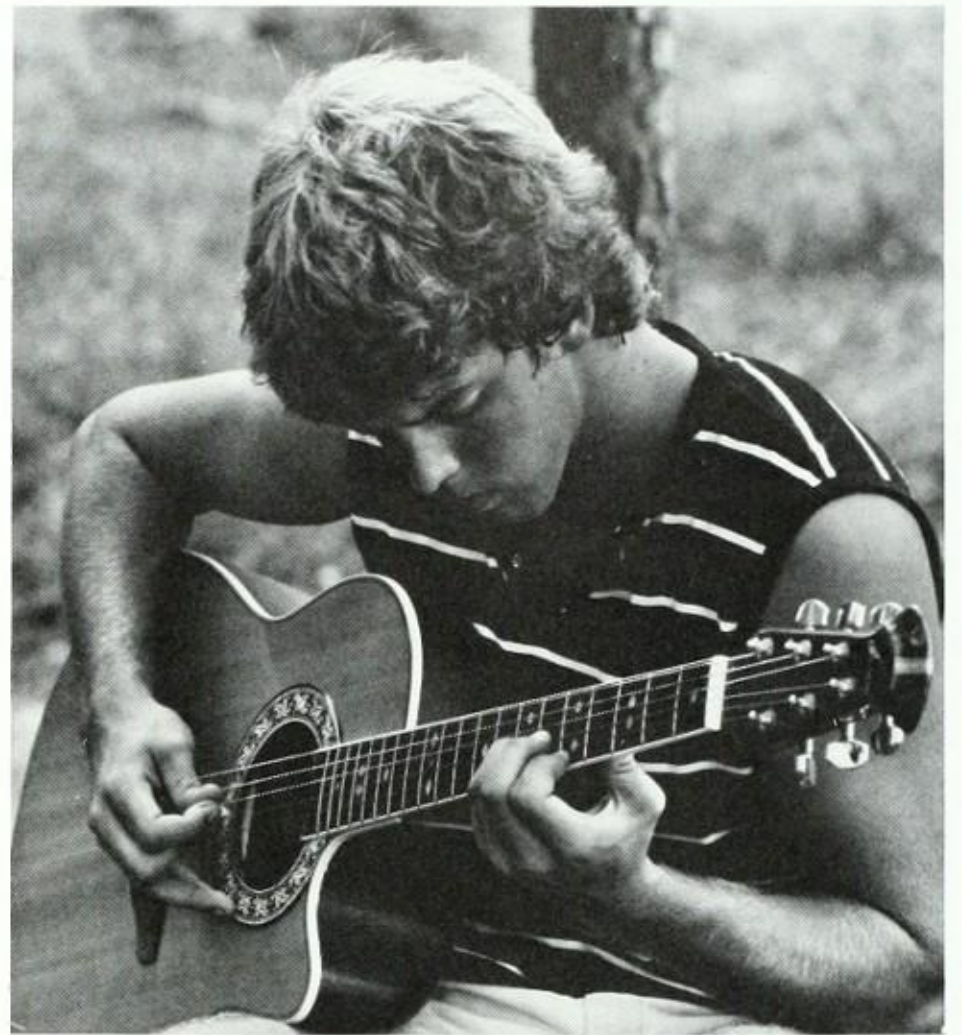

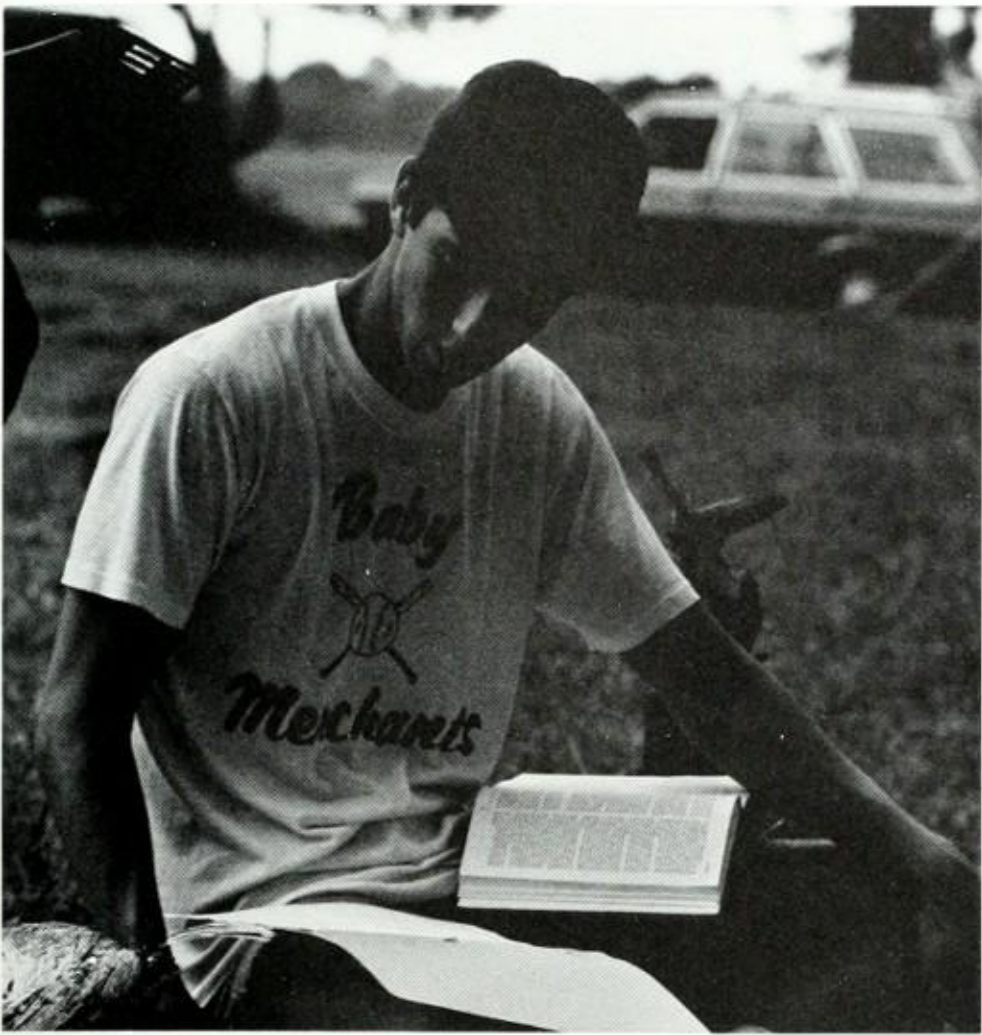

Each year, Elder Appel takes his senior Bible classes on a special outing to a remote, freshly used, cow pasture in the wilds of Florida. Although the pictures the photographers bring back are a joke, the camping session isn't. It was designed to teach students the need to depend on each other and to

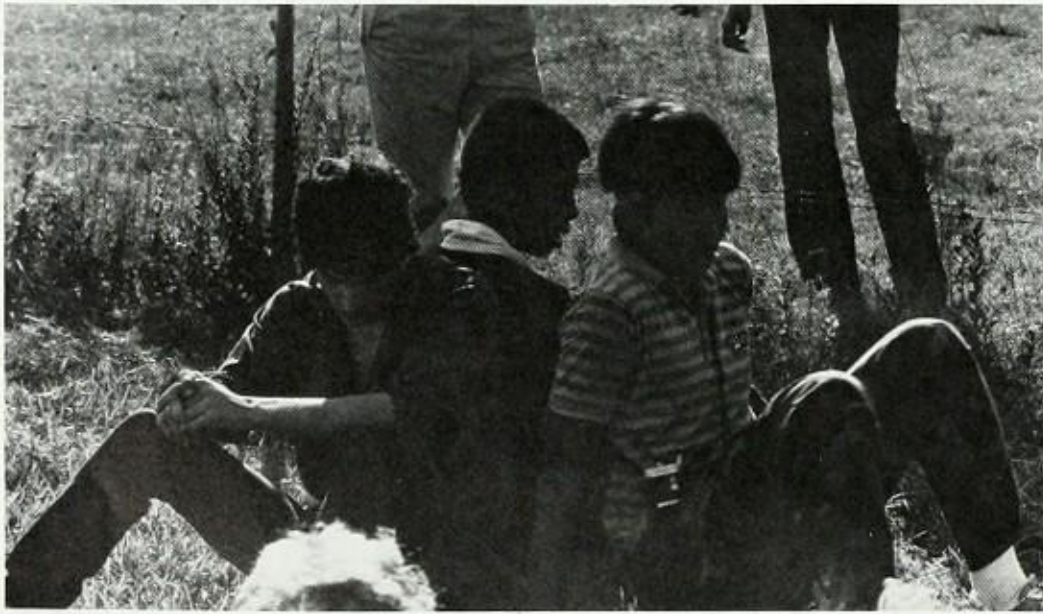

do the best with what little they have.

Religious exercises stimulate the mind away from secular things, towards the soon coming Savior and the end of time. Many students come back renewed spiritually. This year in particular, a number chose baptism as a showing of their faith in God.

It's a great program that every senior dreads and dearly loves. So let's hear it for Senior Survival!

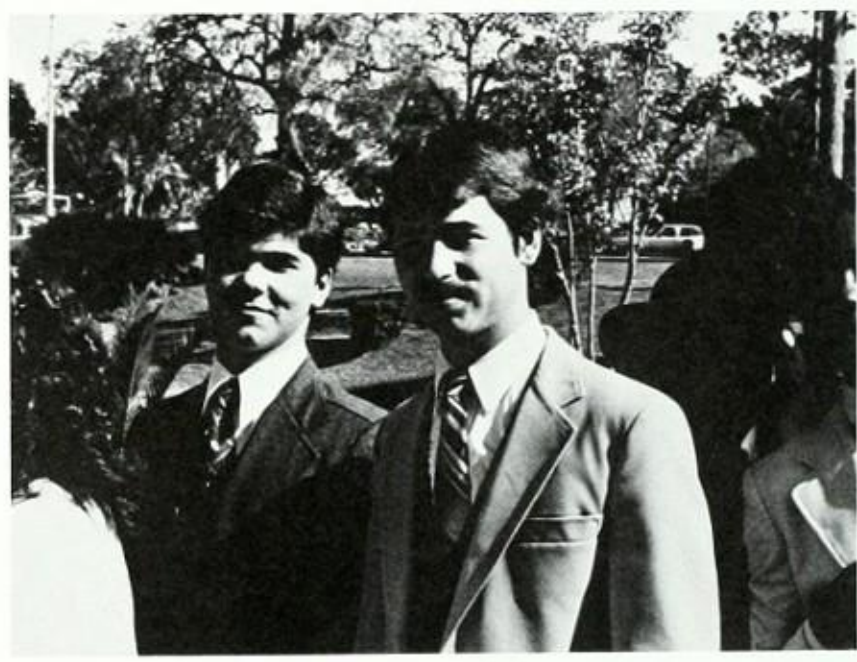

SENIOR PRESENTATION

There is pride in the stance, pride in the walk, pride in the eyes. Smiles are easy and broad. Senior Presentation is here. The chapel is full and people are standing in the back as the Seniors and their escorts move down the aisles to the front of the chapel. It is a grand sight to see all those beaming seniors in their special dresses, suits and tuxes while they are presented as, the Class of '85.

A gold and silver star twinkles above

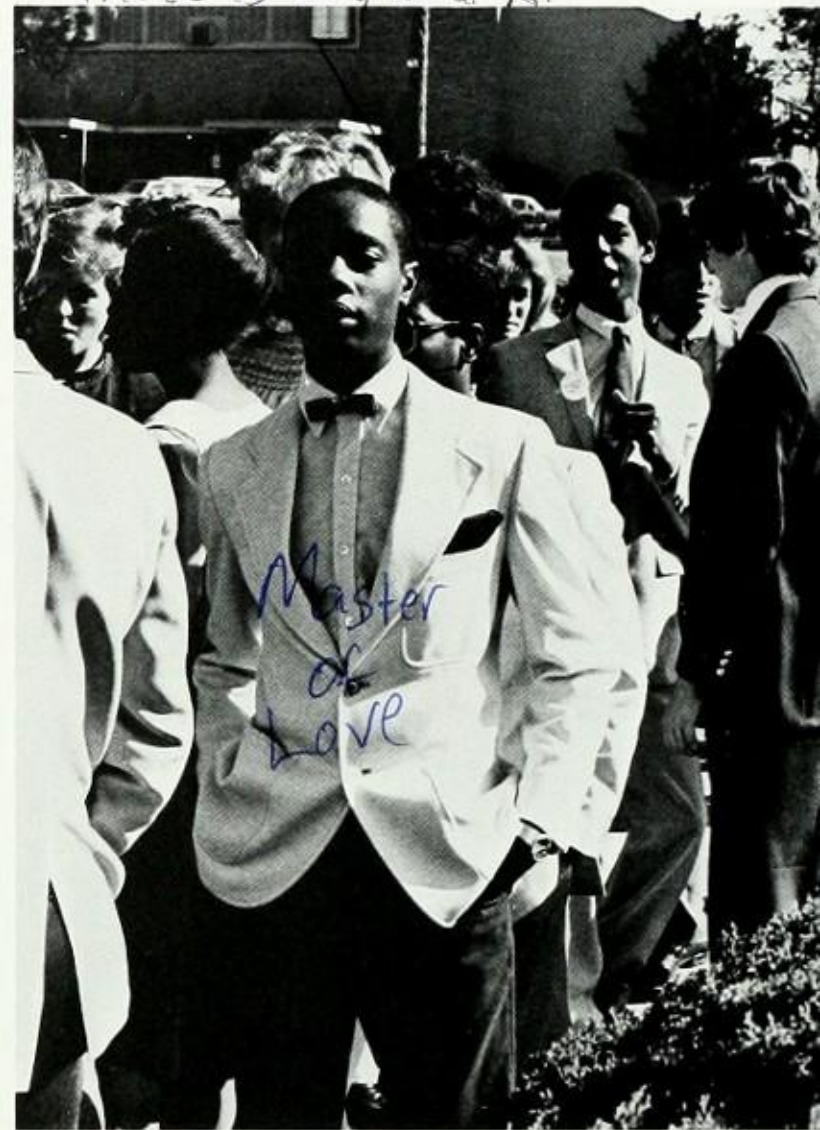

their heads. Their aim and motto hang on either side. Talented seniors perform beautiful music. Words of wisdom and good wishes are spoken. Honor is given to special people.

Soon it is all over with. The crowds are thinning, the glamour is fading but not forgotten. In its place there is a new dream, **graduation!**

JUNIOR-SENIOR BIBLE CONFERENCE

"Hey! Did you get your name on the Bible Conference list?" That was the question often asked on campus as many students vied for the few positions open for the 1984-85 Junior-Senior Bible Conference. The conference is very popular each year. The combination of spiritual development and meeting new friends from Greater Miami Academy has made it a looked forward to event.

The speaker was Pastor Benjie Leach. He spoke on peer pressure and how to handle it. His stories were very amusing and everyone liked his comments on "potty words."

There were hayrides and basketball games. Special music and special features were well done and enjoyable. Long talks with old and new friends made memorable evenings. In all it was a fantastic time.

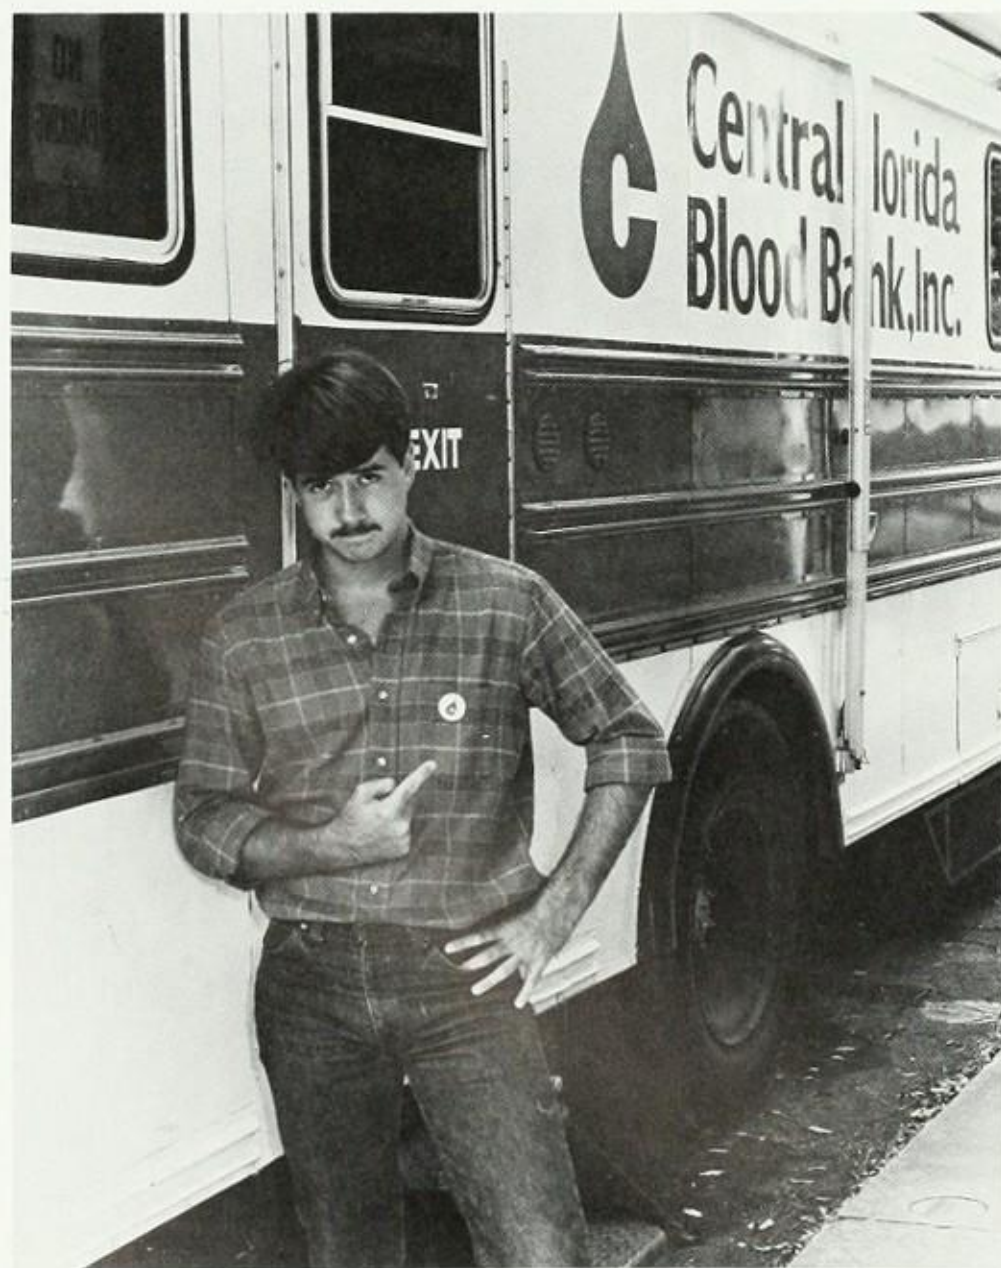

Hope to see you there next year!

BLOOD DRIVE

Neat little sun visors. BLOOD! Free passes to Sea World. BLOOD! I wonder what they're giving away next time? BLOOD! I wonder what we're giving away everytime? Blood. Did you say blood? You heard right! Forest Lake Academy students are known for their ability to give blood to the Central Florida Blood Bank. Every few months the Blood Bank's bus, with bending axles and straining motor, can barely pull out onto the highway because of the generous giving of concerned students at Forest Lake Academy. Each year our school receives a plaque for giving the most blood of any high school in the area. Some of those schools are ten times our size!

Yes, we're the school with a great big heart and a whole lot of blood. Those people at the blood bank think we're great and we *know* it!

SACK TIME

It's supposed to be a surprise but that is hardly the case! After the dean states that there will be visitors in the halls tonight and that all the "boys and girls" should stay dressed for the occasion, there can be only one meaning. The faculty are coming!

That's right, twice a year, near the beginning of each semester, the faculty bring a small sack of studytime snacks to each and every student. Why, you do not even have to be good! Everyone gets one and the faculty get to meet students they may never meet otherwise and the students get to meet faculty they may never have as a teacher.

A fun time is had by all. The students get out of studyhall and the teachers get out of faculty meeting. Best of all is that everyone feels better for the occasion.

P.S.
Dear Faculty,

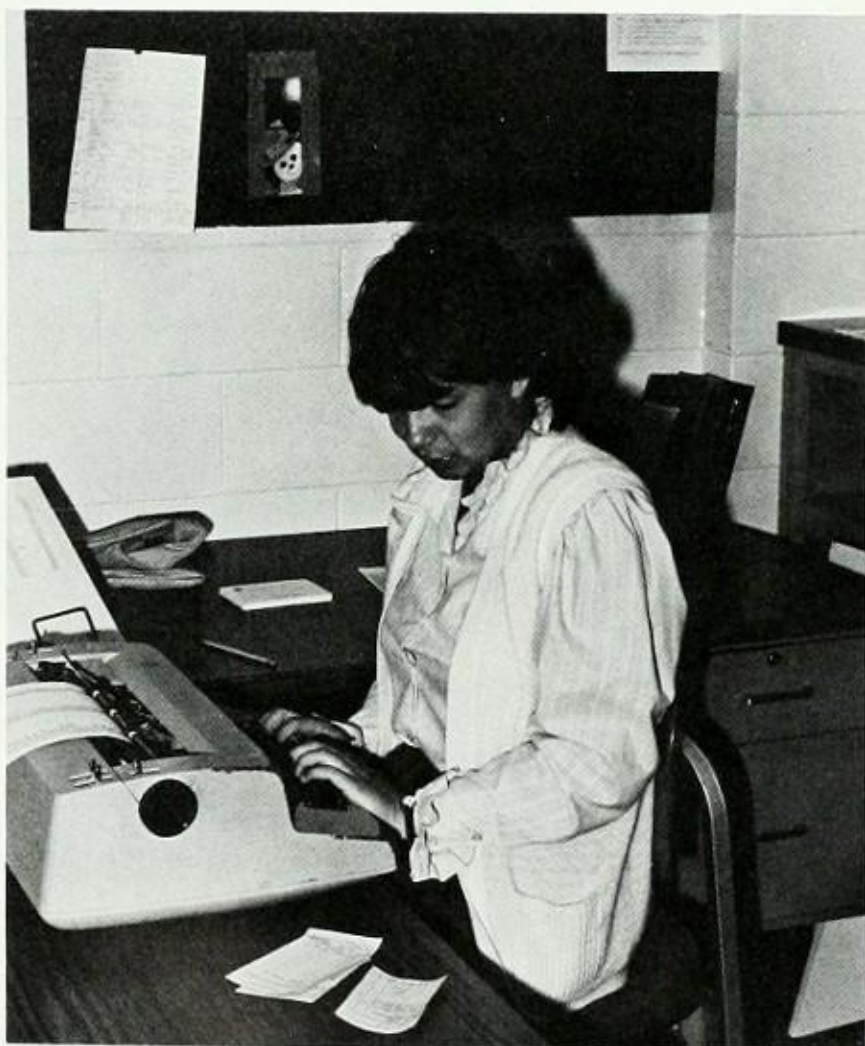

Thanks for the nice treat last night. Why not do it every night! I'll take two sodas, a couple of candybars, a _____ Burger, a large fry and a few donuts. Why not make it an even dozen. I'll save some for breakfast.

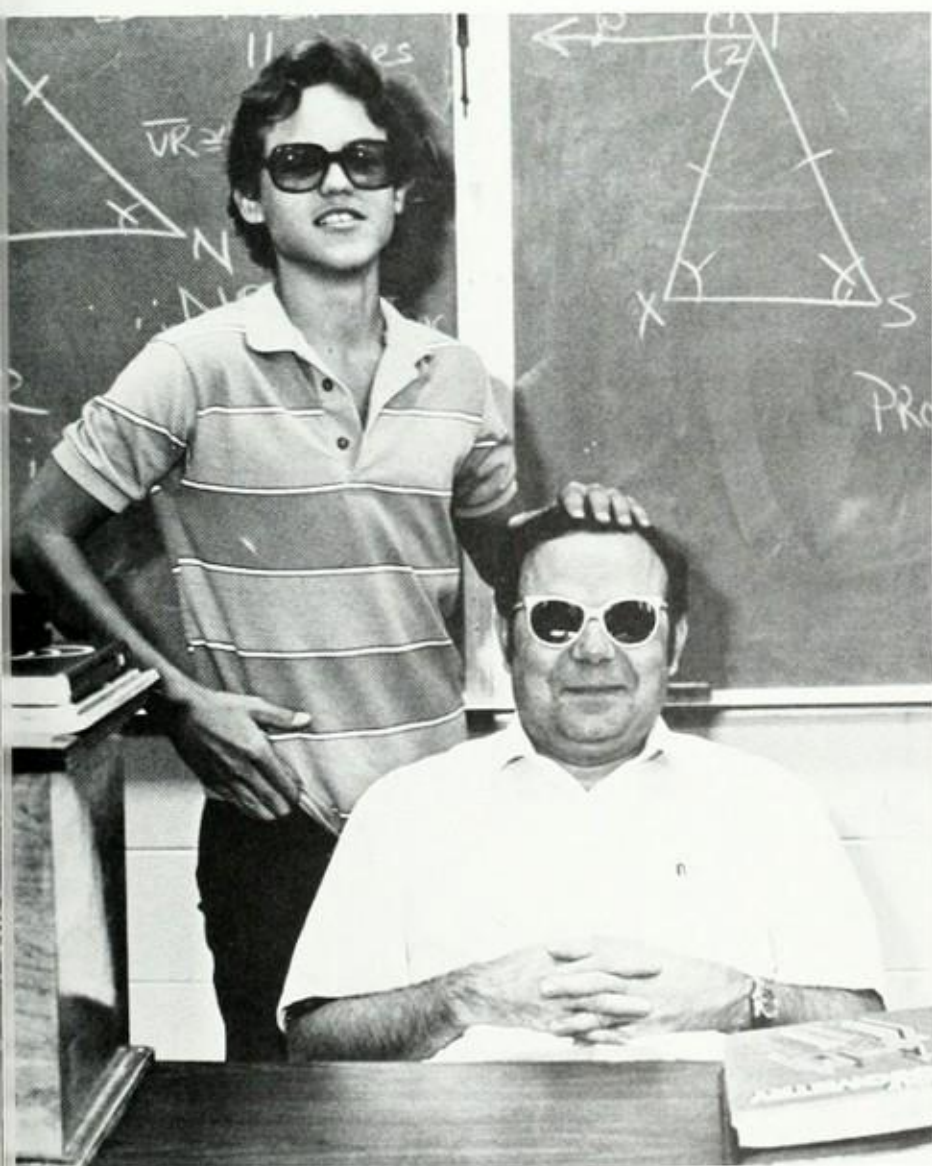

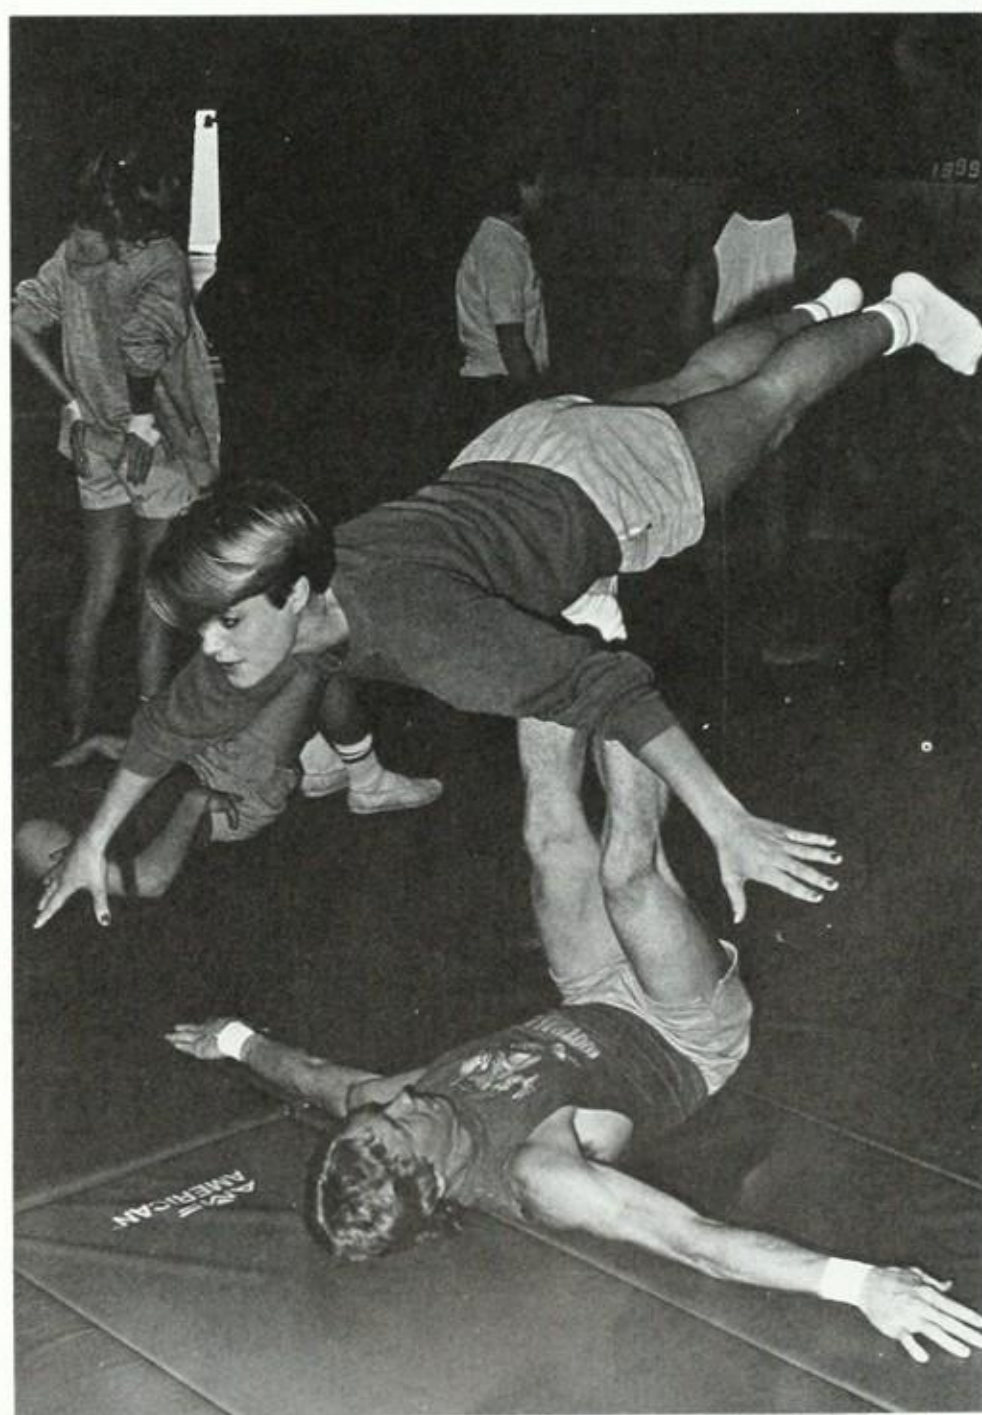

Your Friend,
A Worthy Student

INGATHERING

Silent night! Holy night! The words of that famous carol rang out across the roof tops of Wekiva as the Ingathering campaign of Forest Lake Academy got underway. Each and every year, the students go door to door receiving donations from the public. The funds go to the outreach programs of our church. The program can be very rewarding. Many are spiritually blessed, both the giver and solicitor and all the students are doubly blest. They get an extra day of Christmas vacation!

STUDENT WEEK OF PRAYER

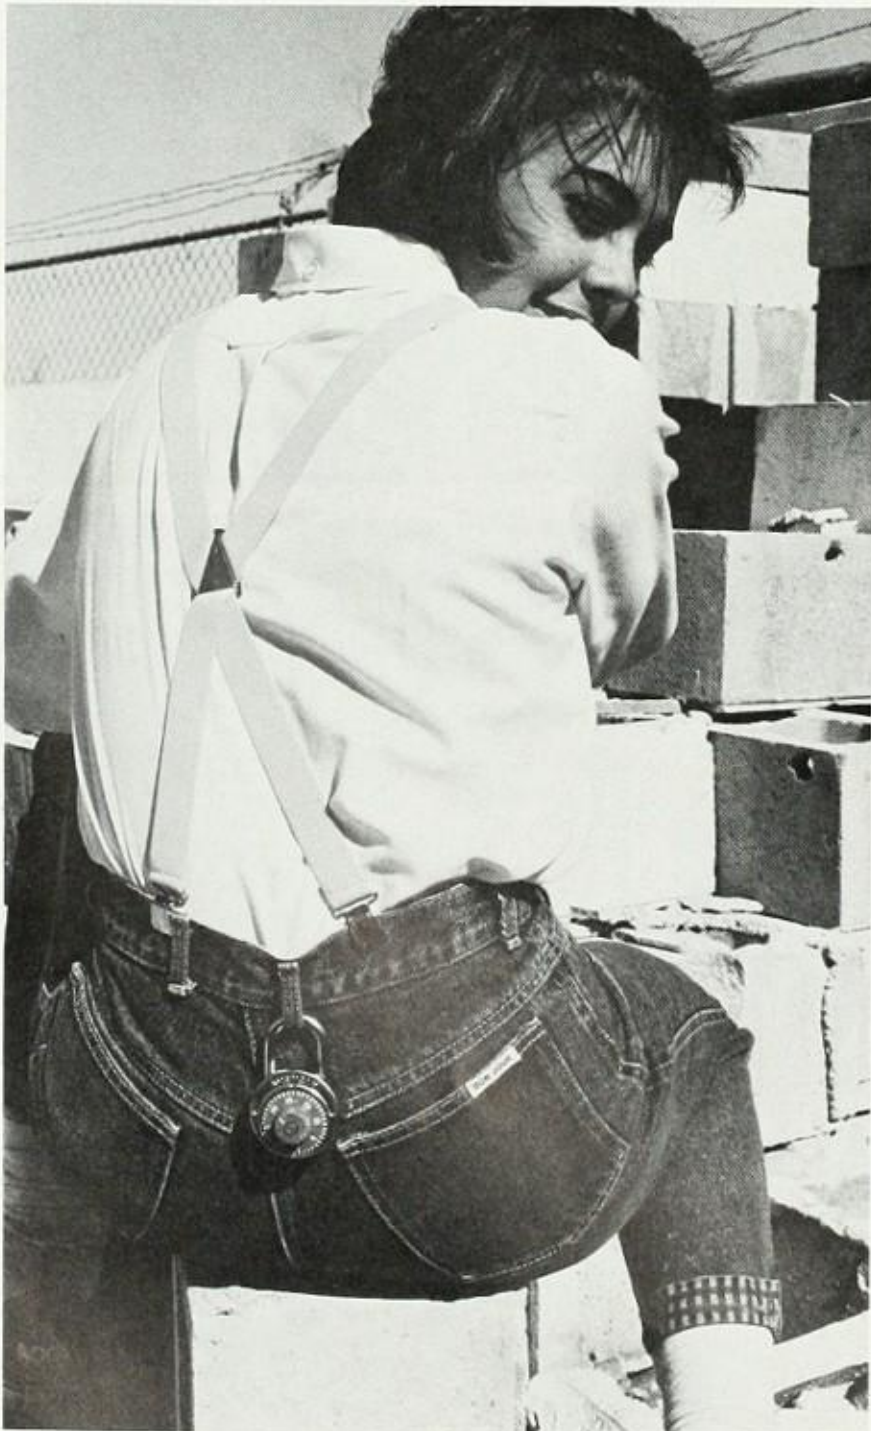

This year's Student Week of Prayer was a great success. The students who had presentations all did a wonderful job. The topics ranged from dating to God's Will for my Life. In the evening's, the teachers talked and all did a splendid job also. From Coach Fulbright's

hour long talk to Dean Faber's shorter talk, they all did very well. Friday night's traditional Communion Service was also a great success. Everyone went in a spirit of reverence and behaved very well.

I think this year's has been the best

Student Week of Prayer ever and we all thank the students and teacher's who participated, you all did beautifully.

FOOTBALL

"Come on you guys! If you would go where I told you to you'd be where I threw the ball."

"That guy sure plays rough."

"Oh him, He's used to playing high school tackle. Give him some time."

So the comments go at the beginning of every football season at FLA. Great players, good players and would be players try their best to get their teams working together in the shortest time possible. There's lots of fun, excitement and hard work but the end result is a great time.

This year started with five A league teams and seven B league teams. Both leagues had dominating teams. Allan Martin's A league team with a record of 6-1 and Mark Aldridge's B league team whose record was 6-0.

It's remarkable how much work goes into making a successful team. The extra practices, play making, and best of all, building a great spirit. It's all developing the desire to be the best at what you do.

Here are the final statistics:

A League

Martin	6-1
Machado	4-4
Burby	3-4
Jimenez	3-5
Nelson	3-5

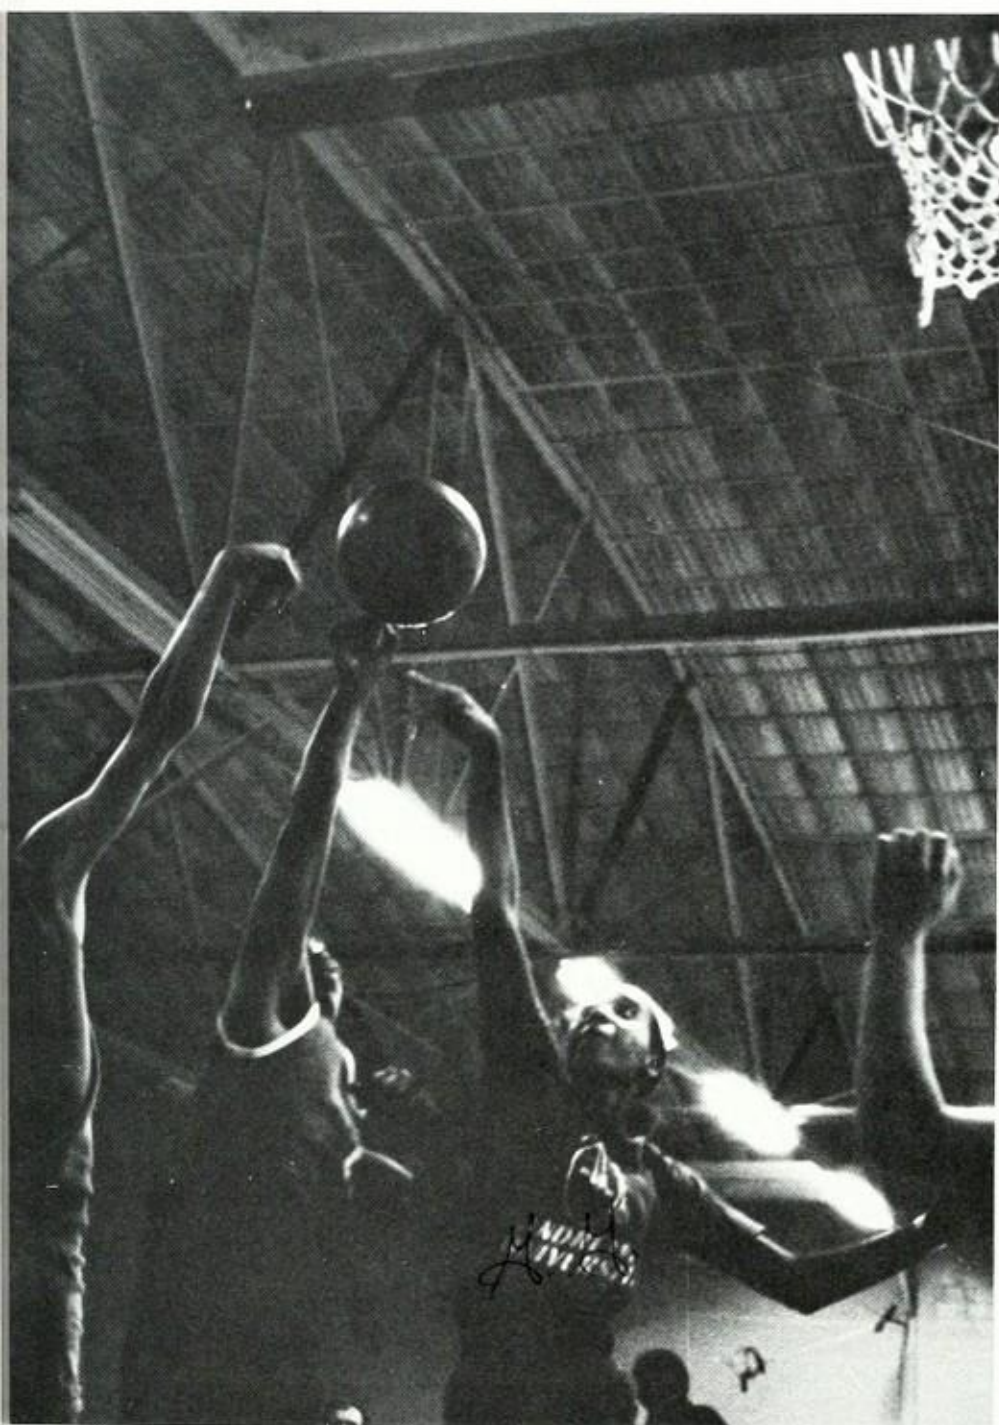

B League

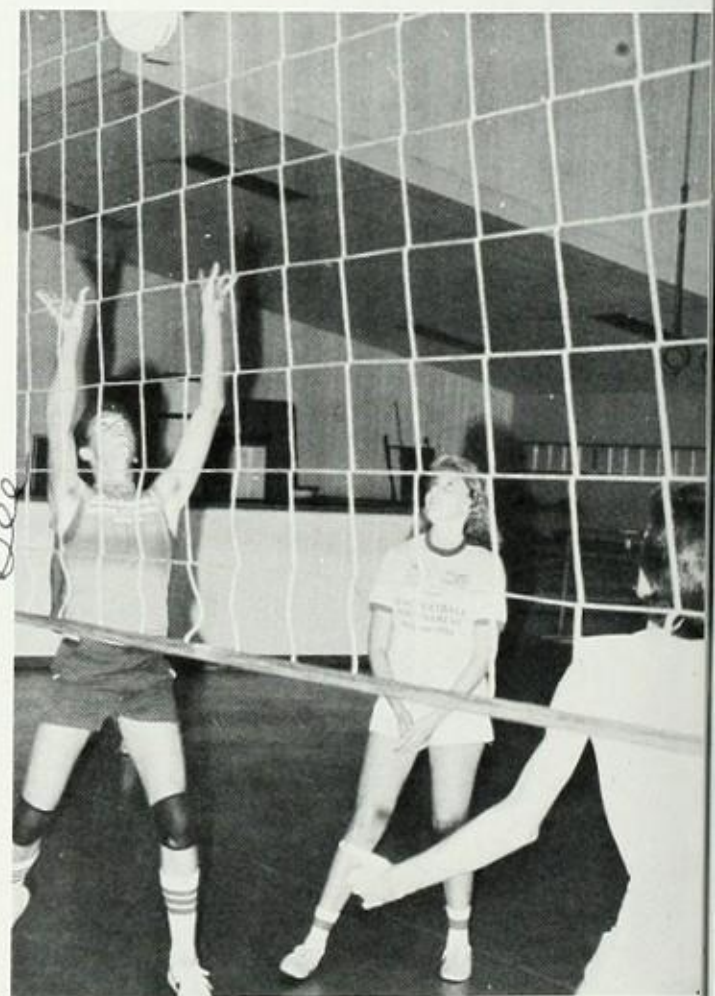

Aldridge	6-0
Ramey	4-1
Klein	3-3
Couch	3-3
Im	3-3
Creamer	1-5
Janesko	1-5

AND THE WINNERS ARE: ALLAN MARTIN'S TEAM!

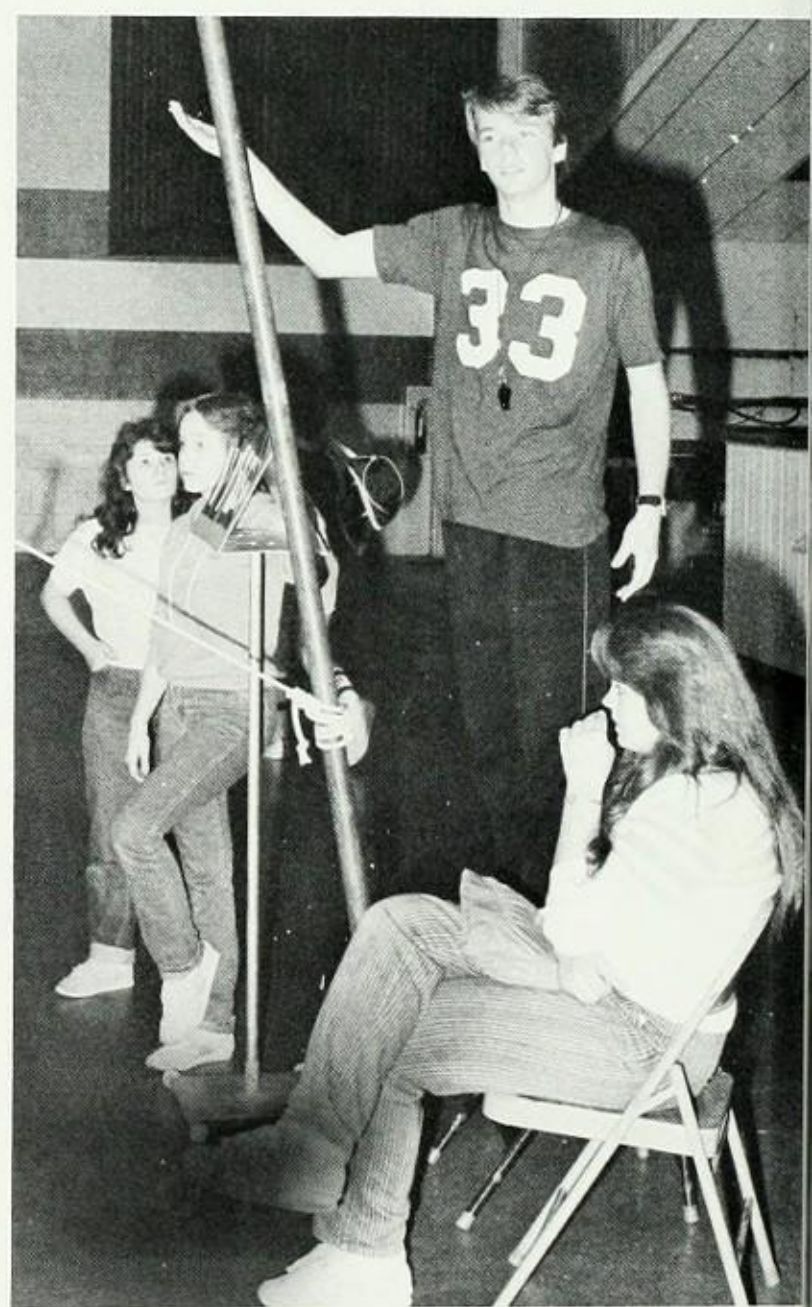

GIRL'S SOCCER

Its hard to believe but one of the more popular intramural sports for the girls is soccer. They love it and play with a vengence. The season has just started as we finish the annual so not much can be said. However if you want some entertainment just go out and watch the FLA girls play soccer.

SOCCER

T.F. — What did you think of the season?

D.B. — It was a riot. We had clean, close games and it was great.

T.F. — When you look back on it, is there anything specific that you remember thinking and/or saying that helped you or hindered your playing?

D.B. — All the way through the season I kept thinking that we were the best team or close to it. All the teams were very good. I just tried to keep my team with a positive attitude.

T.F. — Looking at your season record, it says you were in third place. So, when you won the playoff game, were you surprised since Powell's team won the league according to points?

D.B. — I wasn't really surprised because all through the season, I played with nine players for just about every game. There were only a couple of games we played with all eleven players, so I'd say we had a 50/50 chance of winning.

T.F. — What kind of reaction did you have?

D.B. — I was excited. I was glad to win especially since the teams were so even.

T.F. — Honestly speaking, were you afraid or did you have any doubts at all whether you could win the game?

D.B. — I wasn't afraid because, like I said, the teams were even to me. Of course I had doubts because they are a good team.

	W-L-T-PTS.
1. Powell	4-0-1-9
2. Nelson	2-1-2-6
3. Barnett	0-1-4-4
4. Burby	1-2-2-4
5. Greer	1-2-2-4
6. Creamer	1-3-1-3

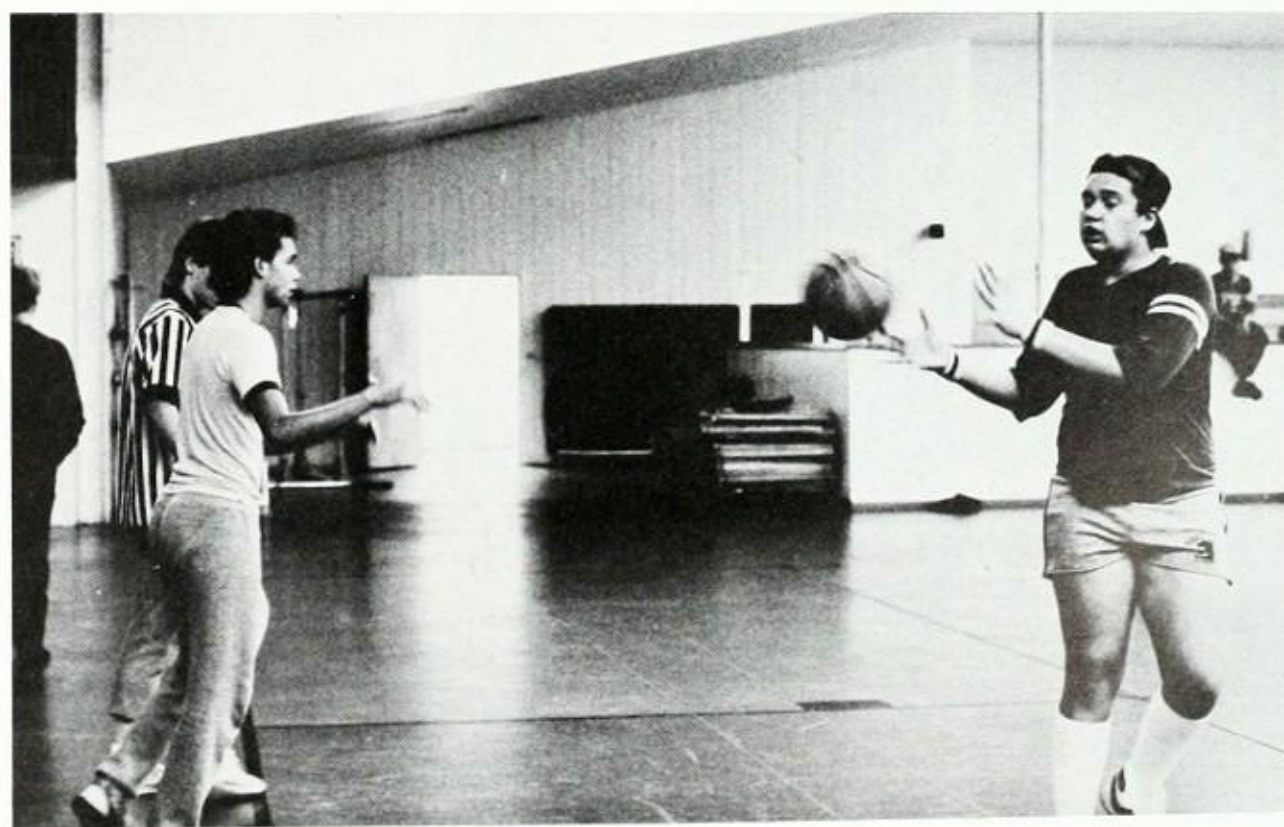

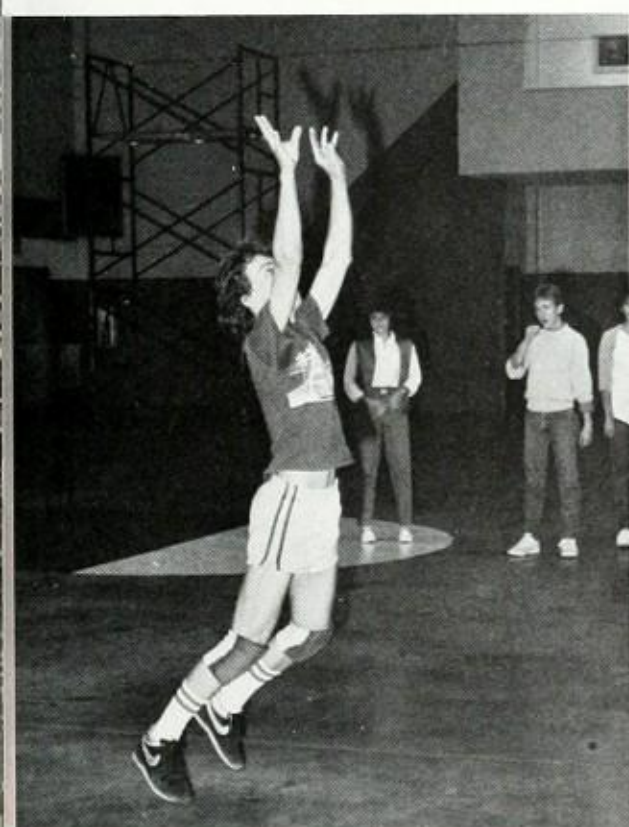

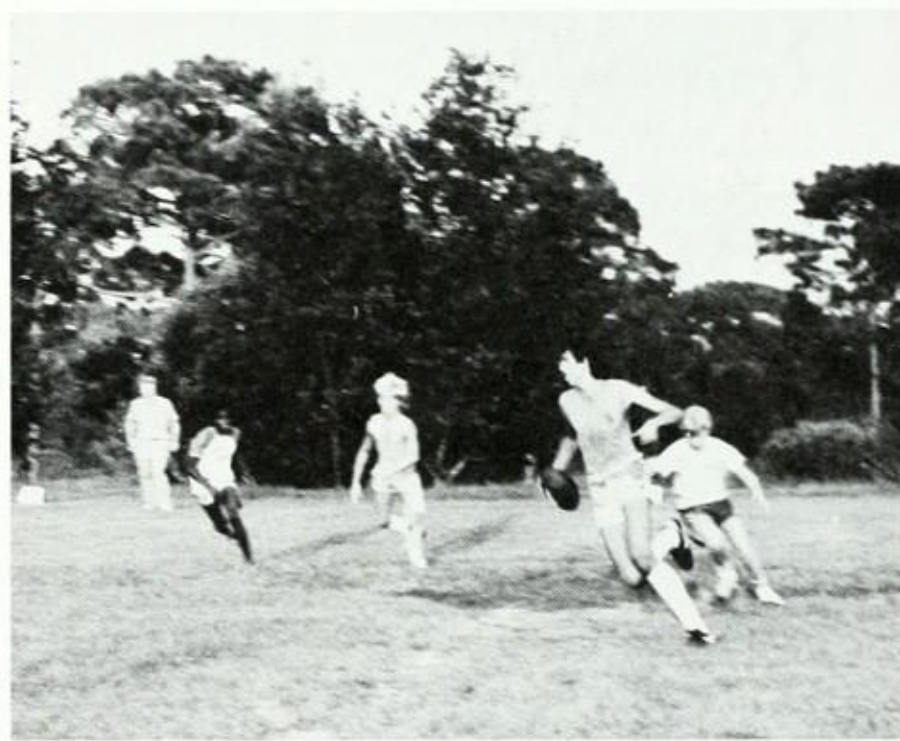

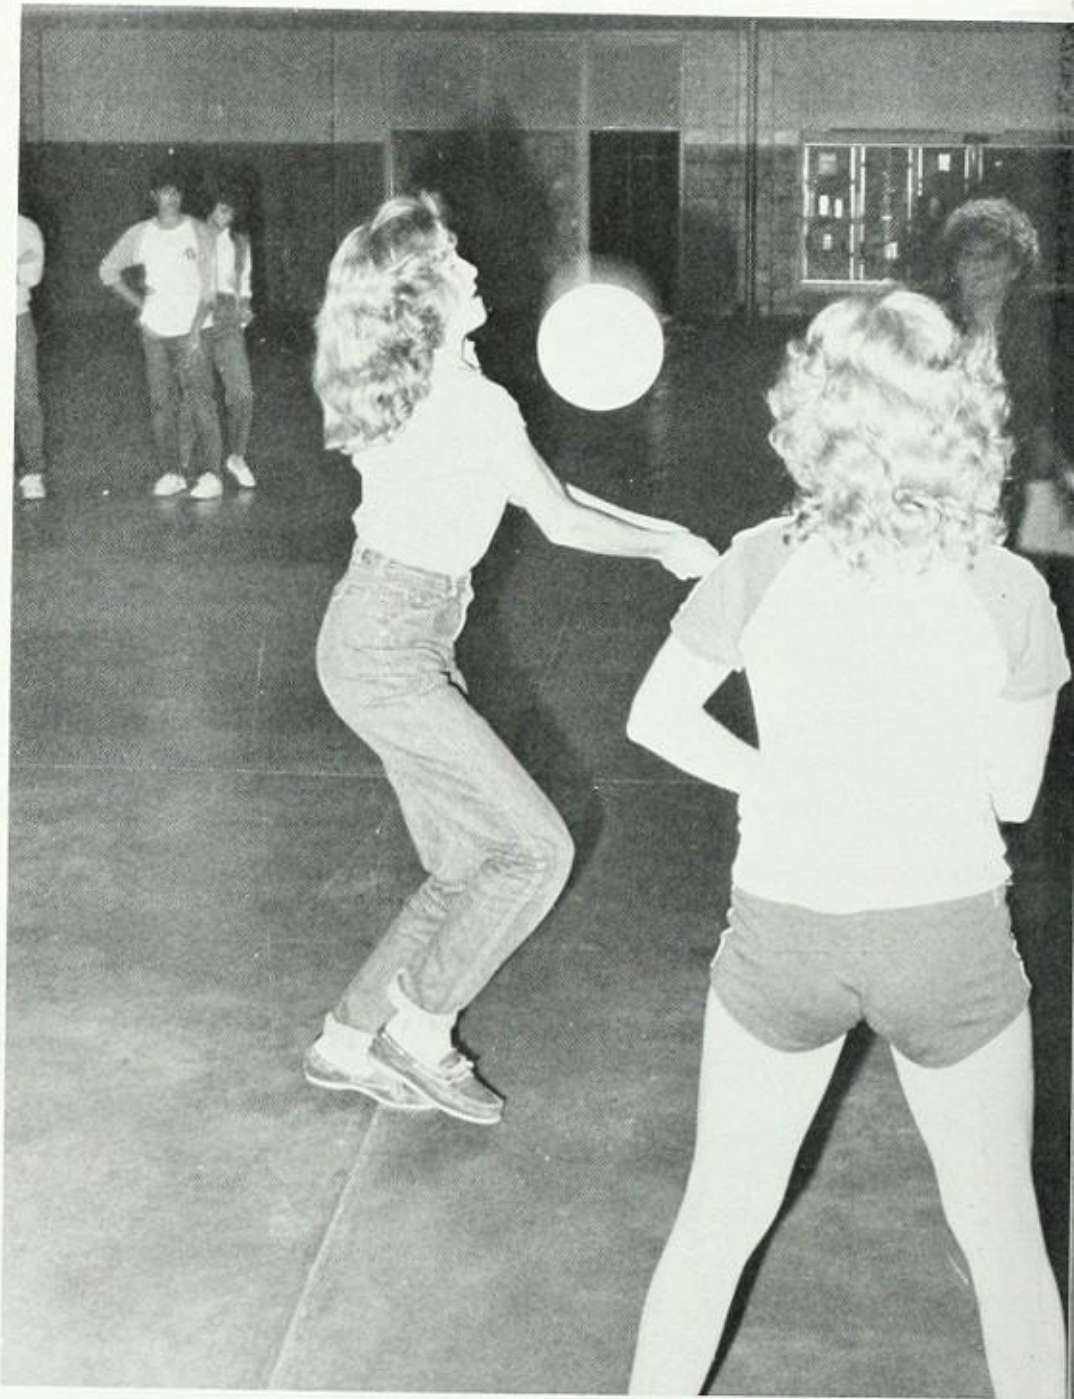

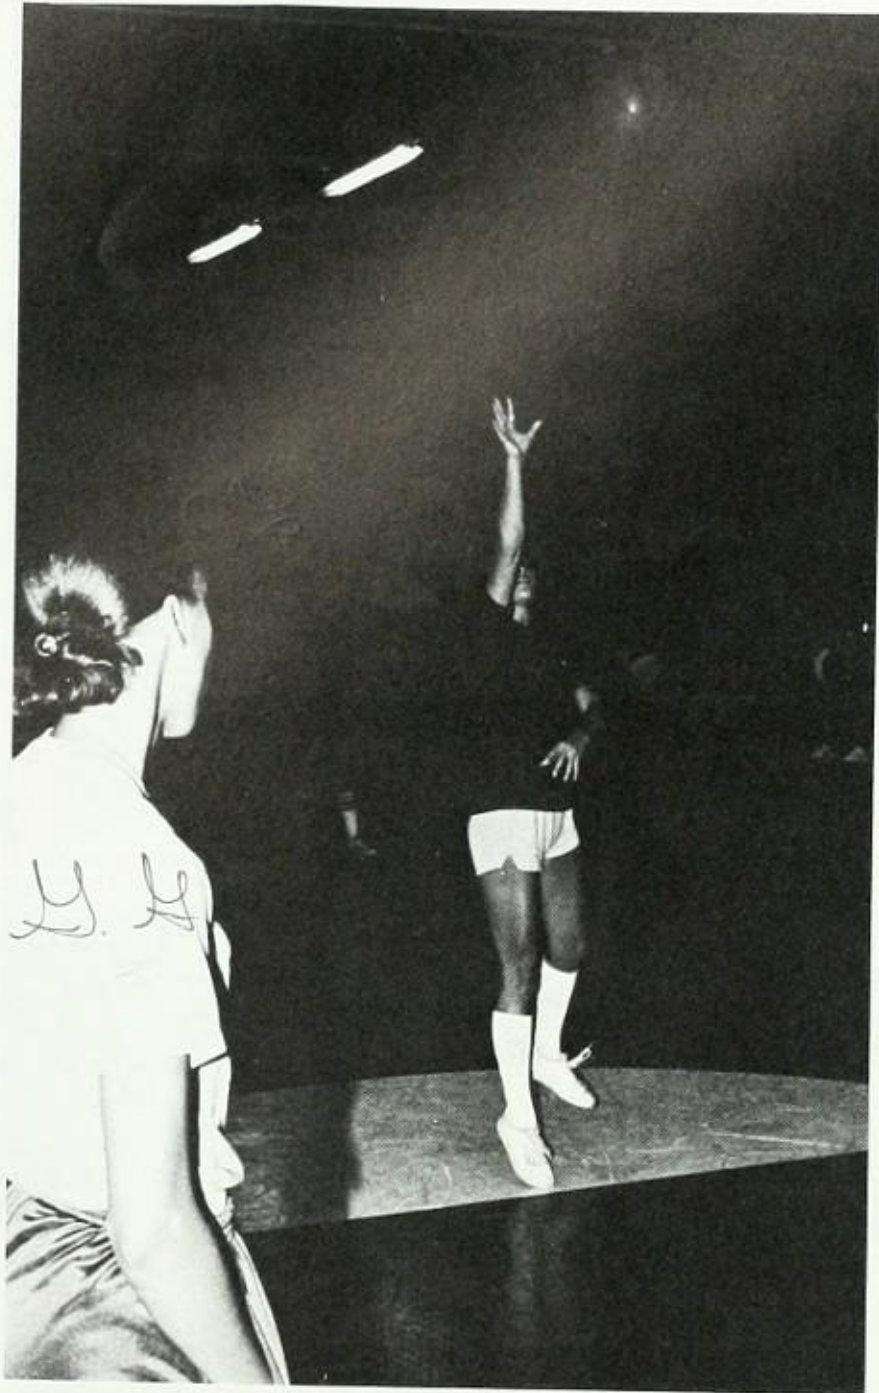

GIRL'S SOFTBALL

America's favorite pastime is baseball. Forest Lake Academy's favorite pastime is not certain but one thing is for sure, girl's softball is fun to watch. Seldom does one see such excitement over a ball caught or completely missed. Everyone is cheering everyone else and having a goodtime. The games see-sawed back and forth but Dee Frett's team came out the winner.

h2 1

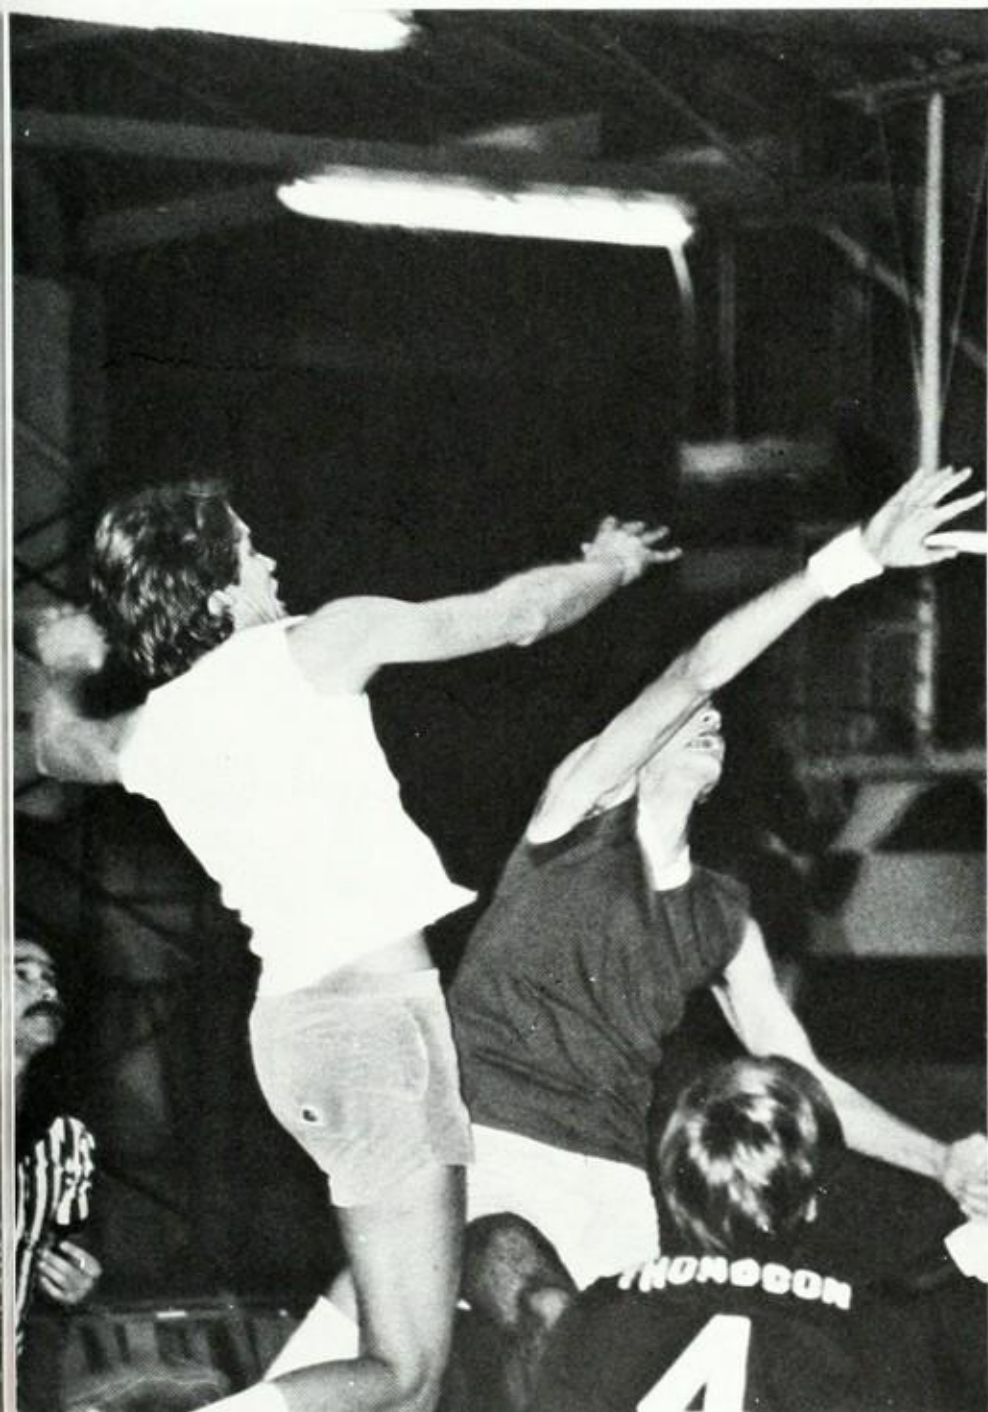

GIRL'S VOLLEYBALL

If you want to see the girl's having a great time watch their volleyball intramurals. They may not be many in numbers but they make up for it in their spirit.

Pictured is the winning volleyball team of Gail Gibbons.

GIRL'S BASKETBALL

I've watched the girl's all-star basketball games for a number of years now and have never kept very interested. This year was an exception. The girls really hustled, took good shots, scored well and knew what they were doing. Michelle Fulbright led the Junior-Sophomores while Gail Gibbons paced the Senior-Freshmen. Both girls were named most valuable players. Amidst all the excitement one team pulled out front to stay. The winner was the Senior-Freshmen team.

The winning basketball team was led by Gail Gibbons.

Sharleen,
I'm glad that I got the chance to meet you this semester. It's so hard to believe that it's over & soon we all will be going our own way. But in a couple of months you will return for your senior year. Try to ~~stay~~ stick it out to the best of your ability, because at times, it's going to seem like everyone is against you. & that's the way Satan wants you to feel. May your senior year be as fulfilling as my senior year has been. Take care & may God bless you in all that you may do.

SOUTHERN COLLEGE: LOADED WITH EXTRAS

Planning your college education is similar to shopping for a car. It's a big investment, so you just don't rush into the first good deal you find. You spend a little time comparison shopping and deciding whether you really want that stripped-down model or the one that has a few options on it.

For smart shoppers, Southern College offers a quality education *loaded* with extra options. Our approach is well-rounded, geared toward the whole person. We provide all the extras that only a private Christian education can give. Where else but at an Adventist college can you form those lasting personal relationships with people of like faith and commitment? Where else can you discover ways of coping with the world from a Christian standpoint? Where else can you share your life goals with concerned Christian teachers?

Our students say Southern College is well worth the price for this specialized attention. Call us toll free at 1-800-624-0350 to find out about our scholarships and other financial assistance programs. Tennessee residents call collect to 615-238-2051.

Mitzi House, student nurse, on pediatrics rotation.

Mitzi House is in school today.

You can't see her textbooks, but she's learning lessons that will affect the lives of hundreds of people.

As a Southern College student, Mitzi began clinical training the first semester of college. Then her class came to Florida Hospital, and she learned how her training applies in a major Adventist medical center.

"I feel like I'm already a nurse, though I still have so much to learn," says Mitzi. "Actually caring for

patients makes all those hours of study seem worthwhile."

Mitzi will be able to take her R.N. exam after just two years of college. But that won't end her schooling. She already plans to study for an additional two years and earn her B.S. degree. After that, she might even specialize.

Much of Mitzi's practical training is done at Florida Hospital — a medical center proud to be part of SMC's nursing education program.

Discover what your future can be like as a Christian nurse. Contact Florida Hospital or the SMC nursing department. Joining Mitzi in school could be the best career move of your life.
